**REGT08****MagTester Plus**

Quick, easy test for solenoids, relay coils and motor starters - nearly anything magnetic.

- Safely check solenoids and relays even while the equipment is running.
- When MagTester Plus is near a magnetic field the tip lights up.
- Works on any magnetic field, AC, DC or permanent magnets.
- Comes with a test magnet housed in end cap.

**REGT17****Multi-Test Electrical Screwdriver**

Quick, safe and simple to use

- Fully insulated - no finger contact to operate.
- Clearly identifies phase-neutral/earth.
- Simple microwave leakage test.
- Bright indication even in sunlight.
- Quality tough polycarbonate construction.

**REGXE09****AC Voltage Detector with Torch**

- Non-contact detection of AC voltage from 100VAC to 600VAC.
- Glows red to indicate voltage.
- For use on 50/60Hz circuits.
- Built-in bright flashlight.
- CAT III 1000V.

### Volt Stick

**REGT16**

- The New Volt Stick non-contact voltage detector provides excellent voltage detection.
- New balanced sensitivity gives more accurate detection.
- Low current circuits means long battery life.
- Clearly detects 90 - 600 V AC without metal contact.
- Tip glows red when voltage is detected.
- Pocket size for handy use anywhere.

### Duo Voltage Sensor

**REGT18**

- Quickly detects 50 - 600 volts AC without direct metal contact.
- Dual sensitivity helps pinpoint the live wire.
- Bi-colour LED indication of correct operation (green) and volts present (red).
- Audible indication of correct operation and warning of volts present.

### Contact Voltage Detector

**REGXS19**

- Dual function hazardous voltage and live phase finder to protect operatives from dangerous live circuits.

See Page 33 for full details

### Audible Mains Socket Tester

**REGXS22**

- Designed to give a quick and easy indication of correct wiring at the socket.

See Page 32 for full details

**REGXE40****Low Cost Multimeter with Temperature**

- EN61010-1 CATIII 600V.
- Double moulded plastic housing.
- Auto Ranging and Data Hold.
- Type K temperature probe.
- Probes and temperature probe (K-Type) included.

### One-Touch Digital Multimeter

**REGXE50**

Fully automatic digital multimeter with true RMS

The REGXE50 One-Touch Digital Multimeter is a fully auto range meter that automatically measures AC/DC voltage, resistance as well as providing a continuity check with buzzer.

The REGXE50 One-Touch Digital Multimeter is a dial-less, 4000 count, true RMS digital multimeter that automatically measures AC/DC voltage, resistance and continuity.

- Complete with batteries, quality probes and holster.

Advanced features:

- True RMS, auto range, 4000 count.
- Large LCD display.
- Single button operation.
- Auto power off.
- Audible sound and visible indication during continuity check.
- Protective holster.
- Software calibrated, no variable resistor adjustment.

### 3-in-1 Autoranging Multimeter

**REGXE45**

- Auto Ranging.
- Data Hold.
- Non-Contact Voltage Detection.
- Auto Power Off.
- Flashlight.
- 20 mA Fused protection.
- EN61010-1 CATIII 1000V.
- Diode Check.
- Continuity Test.
- Double Moulded housing.

REGK01

## Vessel Jet 2 Pressure Vessel Inflator

**VESSEL  
JET 2****75<sup>CM</sup>  
HOSE**

## Optional extras available:

- REGK12 - Replacement / spare rechargeable battery for Vessel Jet 2
- REGK32 - 12V cable adaptor (for continuous power), useful when topping up van tyres.
- REGK28 - Regin straight adaptor for assistance in severely restricted access situations.
- REGK29 - Regin angled adaptor for assistance in severely restricted access situations.

## **VESSEL JET 2** Professional Cordless Pressure Vessel Inflator

The Regin Vessel Jet 2 is a German designed professional hand held air compressor. It is an ideal tool for:

- Filling Pressure Vessels on Pressurised and Unvented Cylinder Systems (Average 8 litre pressure vessel inflate time: 1.5 bar in 1 minute).
- Topping up pressure in van tyres (A 175 R 14 Vehicle tyre inflates, on average, from 0 - 36 psi (2.5 bar) in 8 minutes.
- Inflation of bicycle tyres and sports equipment with the additional adaptors supplied.

The Regin Vessel Jet 2 is easier to use than a hand or foot pump, especially in restricted areas.

Portable, versatile and durable, The Vessel Jet 2 is the perfect travel companion for your mobile inflation requirements.

### *Vessel Jet 2 includes:*

- Ergonomic high pressure air compressor
- Built-in digital gauge with preset function in bar, psi or kpa
- Built-in LED light for pinpointing valve in dark locations
- Extended 75cm pressure hose with thread connector for secure fitting to schrader valve
- Preset Auto Stop at desired pressure
- Auto shut off if connection poor
- Instant pressure reading - ideal for 'topping up' pressure
- Back-lit digital display
- Rechargeable Li-ion Battery Pack (no memory effect)
- AC Charger for Li-ion Battery
- Travel carrying bag included
- Adaptors for balls and inflatable toys included
- Max pressure: 110psi / 7.6 bar

Easy to read  
Illuminated  
Digital Display

Rechargeable  
Lithium-Ion  
Battery

Average 8 litre pressure  
vessel inflate time:  
1.5 bar in 1 minute  
from empty

REGXE01

## Dusta Duo Air Duster &amp; Vacuum

# Dusta Duo

**Powerful Cordless  
2-in1 Air Duster  
& Vacuum.**

- Our Dusta Duo 2-in-1 Air Duster & Vacuum features a super powerful motor. With its compact size, it can effectively remove dust from almost anywhere.
- Can be switched from being a blower to a vacuum with a simple twist action.
- Can be charged from multiple USB devices. Charging is easy and convenient.
- Up to 30 mins of use per charge
- 2 Speed settings
- Suction mode
- Blower mode

**SUCKS  
& BLOWS**

**See it in action!**

### Dry Pipe Pressure Test Kit

**REGK10**

- Assists the testing of pipework at the carcassing stage.
- Kit comprises:  
Cordless pump, see *Vessel Jet REGK01* (p10-11).  
Spare Lithium Ion rechargeable battery.  
Mains charger.  
Pressure manifold.  
Pressure gauge.  
Pressure control valve.  
15mm Speedfit connector.  
22mm Speedfit connector.  
Book of certificates.  
Instruction manual.
- All supplied in a padded carry case.

### Pressure Vessel-Checker

**REGX10**

- Digital Pressure Gauge.
- Suitable for easy checking of expansion vessel pressures.
- Reads pressure in PSI, Bar & KPA.
- Pressure range: 2-99 PSI, 0.15-7 Bar & 15-700 KPA.
- Can also be used for vehicle tyre pressure checks.
- Rubber grip finish.
- Auto shut-off.
- Illuminated display/nozzle.
- Supplied complete with batteries.

**REGK30****Pressure Vessel Hand Pump**

3 metre extended hose.

**3 Metre  
Hose**

- For pressurising pressure vessels.
- Freestanding.
- 0 - 5.1 Bar (0 - 75 p.s.i.) barrel mounted gauge.
- 3 metre extended hose helps access difficult to reach pressure vessels.
- Durable steel barrel.
- Oversize barrel for high efficiency.

**REGK55****Pump Carry Case / Holdall**

- Designed to securely store your Regin Vessel Pump and accessories (will also fit most other brands).
- Two zip up pockets to safely store your pump adaptors, valve cores, spare parts etc.
- Made of high quality Oxford cloth with a water resistant finish.
- Strong handle and shoulder carry strap.
- Size: 66cm x 32cm x 15cm depth (approx).

### Top Up Hand Pump

**REGK60**

- A compact, lightweight and convenient mini pump for inflation and pressure adjustments.
- With a lightweight chassis and a compact foot print, the pump fits in your tool bag or pocket with so little bulk you'll barely notice it's there until you need it.
- Double telescoping body for more effective inflating.
- Complete with a 600mm hose to help access those difficult to reach pressure vessel valves.
- Fitted with a 4 Bar (approx. 58 p.s.i.) gauge.
- With quick fastening lever for easy and secure fitting to valve.

### Pressurisation Pump Angled Adaptor

**REGK29**

For use with REGK30, REGK60 & REGK01.

- Helps access those difficult to reach pressure vessel valves.
- Can also be used with REGK01 Vessel Jet Inflator and REGX10 Digital Pressure Vessel Checker (see page 13).

### Schrader Valve Core

**REGK33**

Suitable for air & nitrogen.

- 10 cores per pack.
- Genuine Schrader™ product.
- Nickel-plated brass.
- Teflon seal.
- Standard flow.

### Pressurisation Pump Straight Adaptor

**REGK28**

For use with REGK30, REGK60 & REGK01.

- For added reach.

### Schrader Valve Core Screwdriver Tool

**REGK34**

- Specialist tool for removing the core from Schrader valves.

See Below

## Premier Gauges

**Regin's outstanding  
Premier Gauge  
NOW available  
in 3 sizes**

REGU35

REGU33

REGU40

- Available in three sizes:
- **REGU33** • **Premier 30 / Mini Prem**
  - Measures to 12in.w.g or 30mbar.
  - Overall length - approx. 13" (330mm).
  - Incorporates strong magnets built into the case.
- **REGU35** • **Premier 45**
  - Measures to 18in.w.g or 45mbar.
  - Overall length - approx. 18" (450mm).
- **REGU40** • **Premier 60**
  - Measures to 24in.w.g or 60mbar.
  - Overall length - approx. 22" (560mm).

**UNRIVALED  
QUALITY**

\*REGU33 not suitable for L.P.G. readings

Premier manometers use higher density fluid than conventional water-filled gauges allowing reduced length and more compact design.

- A solid acrylic gauge in a tough metal casing.
- Easy zero adjustment and a clear accurate scale.
- Blue fluid for ease of reading in poorly lit locations.
- Trap chambers reduce the possibility of fluid loss through spillage or overpressure.
- Suitable for Natural Gas and L.P.G. readings\*.
- Hanging slot and strap.
- Supplied in a nylon protective bag.
- Please note: use only 1.88 SG fluid (REGU70).
- Comes pre-filled with fluid.
- Spares available (see p96):

• **Premier Gauge Stopper**

• **Premier Gauge Bag**

• **Premier Gauge Screw & O Ring**

### Premier Fluid

REGU70

5ml

- Fluid has a specific gravity of 1.88 SG.
- Exclusively for use in Regin Premier Gauges (REGU33, REGU35 & REGU40 - see opposite).
- Contents: 5ml (enough to completely refill a Premier 45 - REGU35)

**REGU10****12" U Gauge**

- Measures up to 12in.w.g or 30 mbar. on dual scale.
- 'U' tube made from perspex.
- Built-in stand for hands-free use.
- Suction cup.
- Sliding scale for easy zero.
- Use 1.00SG fluid (REGU45 - see below).

**REGU15****18" U Gauge**

- Measures up to 18in.w.g or 45 mbar. on dual scale.
- 'U' tube made from perspex.
- Built-in stand.
- Suction cup.
- Sliding scale for easy zero.
- Suitable for Nat. Gas and L.P.G. readings.
- Use 1.00SG fluid (REGU45 - see below).

**REGU20****24" U Gauge**

- Measures up to 24in.w.g or 60 mbar. on dual scale.
- 'U' tube made from perspex.
- Suction cup.
- Sliding scale for easy zero.
- Suitable for Nat. Gas and L.P.G. readings.
- Use 1.00SG fluid (REGU45 - see below).

**REGU45****Manometer Fluid**

22ml

- Fluid has a specific gravity of 1.00 SG (the same as water).
- Dyed blue to improve visibility.
- For use in all Regin U Gauges (except Premier Gauges & 'J' Gauges).

### Contract Manometers

See Below

- PVC 'U' tube.
- Sliding scale for easy zero.
- Key-hole suspending slot.
- Use 1.00SG fluid (REGU45 - see opposite).

- **Available in two sizes:**
- **REGU05** - Contract 30. 30mbar gauge.
- **REGU25** - Contract 60. 60mbar gauge. Suitable for Natural Gas and LPG readings.

REGU05

REGU25

REGU31

### J Gauge Fluid

10ml

- Fluid has a specific gravity of 1.99 SG.
- Exclusively for use in Regin J Gauges (REGU30 & REGU32 - right).

### J Gauge Manometers

See Below

- Reduced overall length for easy use.
- Supplied complete with unique 1.99 SG fluid (REGU31).
- Levels are indicated by a floating ball in a liquid column.
- Trap chambers help minimise loss of manometer fluid.
- Use only 1.99SG fluid (REGU31 - left).

- **Available in two sizes:**
- **REGU30** - 48" / 120mbar. Overall length - approx. 32" (810mm).
- **REGU32** - 60" / 150mbar. Overall length - approx. 38" (960mm).

REGU32

REGU30

**REGU50****Rubber Tube  
2m pack**

2m pack

- 6mm internal diameter.
- For use with all Regin 'U' gauges.
- Suitable for use with Natural Gas.
- Temp. range: approx -65°C to +70°C.

**REGU60****Neoprene Tube  
2m pack**

2m pack

- 6.5mm internal diameter.
- For use with all Regin 'U' gauges.
- Suitable for use with Nat. Gas and L.P.G.
- Temp. range: approx -40°C to +100°C.

**REGU55****Rubber Tube  
18m coil**

18m coil

- As REGU50 above, but in a bulk size.

**REGU65****Neoprene Tube  
18m coil**

18m coil

- As REGU60 above, but in a bulk size.

**REGU68****Silicone Tube  
2m pack**

2m pack

- 4mm internal diameter.
- Temp. range: approx -70°C to +200°C.

**REGU98****Yellow Hi-Viz  
Silicone Tube**

2m pack of highly visible yellow silicone

- 6mm internal diameter.
- For use with all Regin 'U' gauges.
- Suitable for use with Nat. Gas.
- Temp. range: up to +150°C.

### Radvalve Change Kit

**REGR05**

- Used for changing radiator valves without draining down.
- The kit comprises of 2 patented rubber bungs, jubilee clip and a radiator air bleed key.
- Supplied in strong nylon zip bag.
- Can be used in conjunction with *REGR01 Draineasy Radiator Draining Kit* or *REGR10 Radtrap Drainage Pad* (below).
- For use on 15mm & 22mm pipework.

### Draineasy Radiator Draining Kit

**REGR01**

- Drain Radiators Fast!
- Avoid unnecessary mess.
- For professional or DIY use.
- Universal application for 8mm, 10mm, 15mm & 22mm pipework.
- Can be used in conjunction with *REGR05 Radvalve Change Kit* (see above).
- Kit comprises:  
4 x Water Diverting Collars for 8mm, 10mm, 15mm and 22mm pipework, Reusable Sealing Strips, Draining Tray and Water Resistant Barrier Gel.

### Radtrap Drainage Pad

**REGR10**

- Quick easy method of channelling radiator contents into a suitable container, minimising spillage.
- Withstands hot water and chemical additives.
- Supplied with fixing clip.
- Can be used in conjunction with *REGR05* & *REGR01* (see above).

**REGR09****Drain Down Hose Kit**

Please note: Rubber Hose is for  
draining down only -  
**Do Not Pressurize.**

10m length of rubber hose

- Internal diameter: 1/2", outer diameter: 3/4".
- Made from actual formed rubber, NOT the imitation plastic rubber used in cheaper drain down hoses.
- Complete with jubilee hose clip.
- Supplied with velcro 2 x 'tidy-straps' for neat coiling.
- Storage bag available (see opposite).

**REGR65****Brass Straight Hose Joiner**

A brass union for connecting two  
Drain-Down hoses (REGR09 - above)  
together.

- Quickly and easily join two lengths of 1/2" rubber hose together.

**REGR60****Multi Drain Down Hose 1/2" / 6mm**

A 300mm length of 1/2" hose, 2m length of  
6mm rubber hose and a brass connecting  
piece. Complete with jubilee hose clip.

- Fits most boiler's drain connection.
- Fits most boiler's bleeding points.
- Fits Analyser probes for test points and pressure readings.
- Compact, durable, and lightweight.

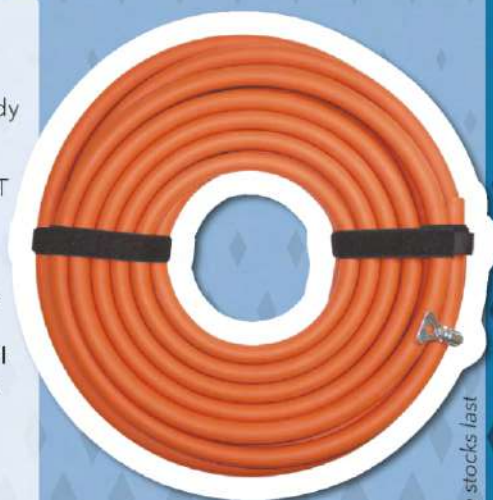

### Extra Long 15m Drain Down Hose Kit

**REGR15**

Extra-Long 15m length of rubber hose

- As per our original Drain Down Hose (REGR09, opposite), but now in a handy 15 metre length.
- Made from actual formed rubber, NOT the imitation plastic rubber used in cheaper drain down hoses.
- This 15 Metre hose fits perfectly in the **REGR08 Regin Tubing/Cable Storage Bag** (Supplied\* - see below), which will keep it tidy and drip free in your work van after use.
- Printed with the 'REGIN' logo across the length of the hose to indicate a genuine Regin product.
- 15M Length.
- I.D 1/2", O.D 3/4".
- Complete with two velcro 'tidy straps', jubilee clip and storage bag\*.

Please note: Rubber Hose is for draining down only -  
**Do Not Pressurize.**

\*Bag included while stocks last

### Tubing / Cable Storage Bag

**REGR08**

Ideal storage solution for your Drain Down Hose Kit

**WATER RESISTANT**

- Size: 40cm diameter x 8cm depth (approx).
- Made of high quality Oxford cloth with an improved chunky zip.
- Perfect storage solution for your Drain Down Hose Kit.
- Can also be used to neatly store your EV charging cables.
- Strong handle included for easy carrying or hanging when storing.
- Easy to wipe down and clean.

Testing Equipment

**REGU77****Standard Pressure Relief Kit**

- Set the correct let-by and tightness test pressure on your manometer.
- No need to repeatedly remove hose to make pressure adjustments.

**REGU78****LPG Pressure Relief Kit c/w Valve Adaptor**

- Complete with connector for most modern LPG regulators.
- Set the correct let-by and tightness test pressure on your manometer.
- No need to repeatedly remove hose to make pressure adjustments.

**REGU79****Gas Hob Test Adaptor**

- Brass adaptor for testing cooker gas hobs allowing pressure readings to be taken.
- Easily test the gas pressure on your hob to ensure it is working correctly and safely.
- Conforms to Gas Safe Technical Bulletin 161 (TB161).
- Comes supplied with 1m neoprene hose.

### REGU75

#### Brass Pressure Test Tee

- For use when tightness testing.

### Pressure Test Kit Complete

- Comprising a hand pump, short length of rubber tube, brass pressure test tee and a 1/4" BSP (F) x 15mm compression straight adaptor.
- This kit is required to pressurise and check the tightness of gas supply pipes in conjunction with a 'U' gauge (see p16-19).
- Supplied in strong nylon zip bag.

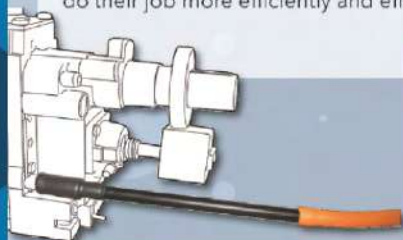

### REGU80

### MRT Manometer Rigid Tube

*See Below*

- A rigid extension to manometer tubing allowing the engineer to take gas pressures in a faster and more efficient manner.
- Best Boiler Engineer bespoke tool developed for many years.
- Connects immediately to tapered gas nipples on a boiler's gas valve.
- Excellent for all Boilers especially BBU's.
- Supplied with 1 metre length of rubber tubing.

Instead of fiddling around trying to find the tapered gas nipple on a boiler's gas valve, which is often set way back in the depths of the unit, you simply attach your manometer tubing to the M.R.T. This provides a rigid platform which then connects to the gas valve. The product saves endless time and hassle allowing the engineer to do their job more efficiently and effectively.

### REGU03

### REGU04

- **Available in two types:**
- **REGU03** - MRT Manometer Rigid Tube. Standard (Straight).
- **REGU04** - MRT Manometer Rigid Tube. 90° Degree.

**REGU01****Gas Test Nipple Adaptor**

- A unique adaptor that screws into a standard test nipple to eliminate the difficulties of attaching a rubber hose.
- An 'O' ring on the adaptor creates an effective seal.
- This unique product will save on working time and pay for itself very quickly.
- Supplied with a length of neoprene hose.

**REGU81****Flexible 10mm Nut Driver**

- Ideal for removing Gas Test Nipples with the built in 10mm Hex end.
- Shaft is flexible but retains rigidity allowing you to access tight spaces.
- Perfect companion to a Regin Premier Gauge when performing Gas Pressure tests at the meter.
- Remove test nipples effortlessly.

**FLEXIBLE****REGU83****Stopwatch**

- For tightness and other timed tests.
- Normal time and alarm functions.
- 1/100-second accuracy with lap counter.

### Flow Cup c/w Splashguard

**REGM33**

- For measuring water flow rate.
- Suitable for Benchmark testing.
- Splashguard to protect hands from hot water.
- Dual Scale - 1/2 to 5 gallons per minute and 2 to 23 litres per minute.
- Can be adjusted for left or right hand use.

### Therma-FloCup c/w Splashguard

**REGM31**

- For measuring water flow rate.
- Measures both temperature and flow.
- Suitable for Benchmark testing.
- Splashguard to protect hands from hot water.
- Dual Scale - 1/2 to 5 gallons per minute and 2 to 23 litres per minute.
- Integrated digital thermometer. -50°C to +150°C (REGM32 - see p38).
- Can be adjusted for left or right hand use.

### Mains Water Pressure Test Kit

**REGR50**

- Easy to use.
- Kit comes complete in a zip bag with an 11 bar/160 p.s.i gauge and a flexible stainless steel braided hose, fitted with a 3/4" B.S.P. Female nut.
- For use on washing machine tap, bib tap or sink tap with adaptor.

**REGXA1****One-Click Ratio Analyser**

## One-Click Analyser

**Regin One-Click Analyser**  
**A simple, accurate means  
 of measuring boiler  
 performance**

- Meets the requirements of BS 7967
- Direct CO<sub>2</sub> measurement
- Up to 10 year warranty\*\*
- Easy to use - one-click function
- Suitable for use with all common 'domestic' fuels including:  
 Natural Gas, Propane, Butane, LPG & Light Oil 28-35 sec

### Measures:

- CO 0-2,000ppm
- O<sub>2</sub> 0-21%

### Calculates:

- CO<sub>2</sub> 0-20%
- CO/CO<sub>2</sub> ratio
- Excess air

### Featuring:

- Large 6 line display
- CO sensor overrange protection
- Print to optional printer\*
- USB charger
- 10 year warranty\*\*
- Protective rubber boot with integrated magnets for hands-free use
- Rechargeable (Batteries included)

\* Infra red printer available separately. See opposite.

\*\* Up to 10 year warranty available. Analyser must be recertified annually by Regin's recommended service provider.

### Analyser Infra-Red Printer

**REGXA55**

- Rugged, battery powered printer fitted with protective rubber sleeve with integrated strong magnet.
- Uses thermal paper instead of messy ink or ribbon.
- Compatible with REGXA1.
- Uses 4 x AA batteries.

### Thermal Printer Rolls

**REGXA56**

5 per pack

- For use with REGXA55 Analyser Infra-Red printer.

### Analyser Replacement Filter

**REGXA5**

- Replacement filter for Regin Analysers.

### Analyser Readings Record Pad

**REGP80**

50 copies in duplicate

- Top copy is self adhesive.
- Also acts as an Annual Service Reminder.

### Analyser Case - Small

**REGXA7**

- Protective case for Regin Analyser. Please note: Analyser Probe will not fit inside this case.

**REGX38****Analyser Test Point Plug - Single Wall****Single Wall**

- Analyser test point plug.
- For single walled flue.
- Provides easy analyser probe access.
- Easily to use.

**REGX39****Analyser Test Point Plug - Coaxial Wall****Coaxial**

- Analyser test point plug.
- For dual walled flue.
- Provides easy analyser probe access.
- Self-tapping.
- Easily to use.

**REGX37****Analyser Test Point Plug - Single Wall Condensing Type****Single Wall**

- Analyser test point plug.
- Non-corroding: for Condensing Boilers.
- For single walled flue.
- Provides easy analyser probe access.
- Easily to use.

### Sniffa Plus

REGX75

## Sniffa Plus Gas Leak Detector

- Detects the presence of gases such as: Methane, Natural Gas, Butane, Propane and most other combustible gases.
- Quick and Precise
- Highly Sensitive and Reliable
- Quick Response
- 400mm Flexible Probe

### Mobile CO

REGX01

#### Carbon Monoxide Detector

The Regin Mobile CO monitors, records and alerts you to the presence of dangerous carbon monoxide in ambient air. The visual display constantly indicates precise quantities while the audible and visual alarms respond to various threshold levels.

- Extended sensor life - 5 years.
- 3-colour warning light:
- Audible alert at 30 ppm.
- MAX capture - continually updates highest CO reading.
- CO detection to 999 ppm.
- Auto zero activates upon turn on.
- Backlit display.
- Low battery indicator and belt clip.

**REGXS500****Smart Metering Kit (Electrical)**

The Regin **REGXS500** is the complete solution to Smart Metering installation. The kit contains all the tools needed to ensure safe isolation procedures and checks can be carried out before, during and after installation.

**REGXS500 kit contains:****REGXS22****Audible Mains Socket Tester**

The testers are designed to give a quick and easy indication of correct wiring at the socket. Particular emphasis is placed on detecting very dangerous wiring conditions such as reversed live earth connections and disconnected wires.

- Bright, durable LEDs out-perform fragile, low visibility neons.
- Tough, smooth-contoured construction.
- Advanced electronic circuits mean positive and reliable indication.
- Audible signal gives additional information.
- Fuse finding facility.

**REGXS400****Proving Unit**

See p35 for full details.

### Two Pole Tester (HiLoZ)

**REGXS15**

The REGXS15 can carry out a physical Impedance check to indicate hi or low Impedance on the circuit being worked upon, therefore indicating that the item under test has no dead short connections. The Red LoZ LED illuminates to indicate an Impedance of less than 100 ohms has been detected. The operative would immediately know not to proceed and to conduct further investigation. The Green HiZ LED illuminates to indicate a high Impedance of more than 100 ohms ensuring that the engineer is safe to re-energise the meter.

Ghost or induced voltage can be an additional problem. Most 2 pole testers that allow you to test for ghost voltages do this by varying the load on the circuit by depressing two buttons, one on the main tester and the other on the passive probe. The REGXS15 does this automatically and has no buttons to depress.

- Clear and unique Circuit Impedance Indication for added safety.
- Front dual; high visibility, colour coded LED display of voltage and hi/lo impedance.
- Secondary base display for safe arms-length indication.
- Interchangeable straight and right-angled GS38 compliant test prods.
- No batteries and no buttons for simple, reliable operation.

### Contact Voltage Detector

**REGXS19**

The UK designed REGXS19 is a dual function hazardous voltage and live phase finder which will detect if voltages greater than 50VAC are present and ensure safety for it's operative, making it a safe addition to any Engineers Toolbox.

As the REGXS19 uses direct contact for measuring (using the safest method known - capacitive coupling), the identification of the Live Phase is more certain than using Non-Contact Voltage Indicators or similar devices.

The REGXS19 is extremely safe to use as there is no need to operate touch pads or any other direct contact method to operate the unit correctly.

- Voltage measurement range 50 - 600VAC.
- Safe Live Phase detection.
- Flashing Red front section plus audible warning indicates greater than 50VAC is present.
- Slow flashing blue LED with single beep monitors REGXS19's electronics are working correctly.
- REGXS19 is fully functioning even if wearing full PPE.
- Robust construction with IP54 water and dust ingress rating.
- Probe tip conforms to HSE Recommendation GS 38.

**REGXS600****Electrical Safe Isolation Kit**

The Regin **REGXS600** is a comprehensive kit for safely isolating the electrical supply.

Conforms to Technical Bulletin 118.

**REGXS600 kit contains:**

**SCAN FOR****VIDEO****REGXS150****2 Pole Tester with LED**

The REGXS150 is a simple to use voltage tester capable of measuring both AC and DC voltages. Designed and built in accordance with CAT IV 600V safety standards, EN61010 and HSE GS38, the REGXS150 is battery-free and displays AC/DC Voltage in 6 steps - 6-12-50-120-230-400V. Its compact design and incorporated safety features make it simple to use.

- Six voltage range 6-12-50-120-230-400V AC/DC.
- Built to CAT IV 600V safety standards.
- Conforms to HSE GS 38 tip standards.
- Compact design encourages safe site use.
- 1.4 metres of ultra-flexible double insulated cable.
- No batteries required.
- Conforms to EN 61010.

**REGP94****Lock Off Plate / Tag**

1 tag supplied per kit

- Approx. 150mm x 40mm plastic with pre-drilled hole.
- Clearly visible notice plate, made from durable plastic.
- Cable tie supplied.

### Locking Off Device

**REGXS10**

The Regin Locking Off Device is an ideal lightweight lock suitable for electricians where safety is of the highest priority.

Designed to fit most MCBs the kit consists of an easy to use combination lock which removes the need for a keyed system.

The REGXS10 locking off device is an affordable alternative to much larger commonly used MCB lockout devices.

- Universal lock produced to fit most MCBs.
- Just set your own combination, no more keys to lose.
- Fast effective system taking only a few seconds to lock off.
- One size fits main toggle switches and MCBs.
- Compact lightweight design fits all toolkits.
- 'Locking off' makes installation safe and is good practice.
- Hard wearing shackle.
- Lock Off Plate can be hung from shackle.
- Saves time - one size fits all.

### Proving Unit

**REGXS400**

The REGXS400 provides a safe and reliable means of checking the correct functioning of Multimeters and two pole Voltage Indicators (VIs) before and after use as advised in the Working Practice for electricians. Additionally they have the capability of checking the operation of Non-contact voltage detectors.

The REGXS400 is a battery powered proving unit.

The REGXS400 will also test two-pole VIs that use small incandescent lamps to indicate that voltage is present. REGXS400 has a unique and logical safety function - the test voltage generated is at 50Hz to synthesise a genuine test at AC mains supply frequency - so it will always read correct using the AC range of your Tester or Multimeter.

- Intelligent voltage ramp for testing multimeters and Voltage Indicators.
- Generates from 50-690V with a true AC waveform output.
- Automatic operation and turn-off.
- Non-contact voltage indicator test feature.
- Powerful enough to light old filament style test lamps.

**REGXS700****Smart Metering Kit (Gas)**

*Contents  
on  
opposite  
page*

**REGXP5****Component Exchange Loop Tester**

Enhanced protection for you and your customers

- 4 in 1 LED tester - loop, mains voltage, correct wiring, correct polarity.
- Fully protected against accidental phase to phase connection.
- Patented no-trip loop test technology.

*Continued on opposite page...*

The Regin **REGXS700** is the ideal comprehensive kit for installing and testing the new generation Smart Meters

### **REGXS700 kit contains:**

- Accurate mains voltage measurement to latest BS 7697, HD 472 S1.
- Built in proven correct wiring indication.
- Unique Polarity test gives ultimate overall system safety check.
- Carrying case, test leads and manual included.

**REGM32**

## Waterproof Stem Thermometer

- Replacement thermometer for REGM31.
- 133mm Stainless steel probe.
- Measurement range:  $-50^{\circ}\text{C}$  to  $+150^{\circ}\text{C}$ .
- Switchable  $^{\circ}\text{F}/^{\circ}\text{C}$ .
- Auto Power Off.
- Hold function.
- Max/Min function.

### Pipe Contact Thermometer

**REGV15**

Easy to use surface pipe thermometer.

- Measuring range:  $0 - 120^{\circ}\text{C}$
- Features a 80mm easy to read dial.
- The dial face has a clear, graduated scale indicating temperature in  $2^{\circ}\text{C}$  divisions.
- Supplied with a wrap-around spring kit for mounting to pipes between 1" and 2". For larger pipes it is possible to attach the thermometer using either tie-wraps or wire (not supplied).

### Multi-Thermometer with Probe

**REGXE70**

- Fast response.
- 133mm stainless steel probe extendable to 1 metre.
- Measurement range:  $-50^{\circ}\text{C}$  to  $+150^{\circ}\text{C}$ .
- Switchable  $^{\circ}\text{F}/^{\circ}\text{C}$ .
- Auto Power Off.

**REGV10****Digitemp Thermometer Kit**

- Kit comprises:

- 1 x REGV20 Differential Thermometer.
- 1 x REGV25 Water/Air Immersion Probe.
- 1 x REGV30 Surface Probe.
- 1 pair x REGV45 Crocodile Type Clamp Probes.

*See opposite for full details and specifications.*

- Supplied in a padded carry case.

**REGV11****Water & Pipe Temperature Kit**

- Kit comprises:

- 1 x REGV20 Differential Thermometer.
- 1 x REGV25 Water/Air Immersion Probe.
- 1 pair x REGV45 Crocodile Type Clamp Probes.

*See opposite for full details and specifications.*

- Supplied in a padded carry case

**REGST75****Stove Pipe Thermometer**

- Monitor the performance of your wood or multi fuel stove.
- Easy to read.
- Attaches magnetically.
- °C and °F scales.
- Improves stove's efficiency.

### Differential Thermometer

**REGV20**

- Measurement range:  $-50^{\circ}\text{C}$  to  $+1300^{\circ}\text{C}$
- Max reading memory feature.
- Low battery indicator.
- Calculates temperature difference.
- Can be used as a single input thermometer.
- Dual input.
- Please note that probes are not included and should be purchased separately.

**REGV45**

### Crocodile Type Clamp Probes

**1 Pair**

- Close fit to pipes for fast and accurate readings.
- Suitable for pipes from 6mm to 30mm in diameter.
- Operating temp. range:  $-50^{\circ}\text{C}$  to  $+100^{\circ}\text{C}$ .
- Quick response time.

**REGV25**

### Water/Air Immersion Probe

- Dimensions: 3mm diameter x 80mm long.
- Operating temp. range:  $-50^{\circ}\text{C}$  to  $+250^{\circ}\text{C}$ .
- This rigid, stainless steel probe is strong and versatile.
- Quick response time.

**REGV30**

### Surface Probe

- Dimension: 5mm diameter x 100mm long.
- Operating temp. range:  $-50^{\circ}\text{C}$  to  $+600^{\circ}\text{C}$ .
- Probe has a spring loaded copper disc sensing tip.
- Quick response time.

- Ideal for preparing joints before soldering or brazing.
- Ideal for use on deburring metal, plastic or wooden surfaces.
- Tough, waterproof and long-lasting webbed mesh bonded with silicone carbide grit.
- Medium Grade: 180 Grit.
- A high performing alternative to steel wool, emery and sandpaper.
- Non-clogging and washable.
- Wet & dry use.
- Can be cut to size.

**Available in two sizes:**

- **REGM40** - Pack of 10 mini strips
- **REGM41** - 5 metre roll

**REGM42****Abrasive Mini Scourer Pads****Pack of 5 abrasive mini pads.**

- Ideal for cleaning, polishing, rust removal, scrubbing and blending.
- Tough, waterproof and long-lasting.
- General purpose grade.
- Can be used on both sides.
- A high performing alternative to steel wool, emery and sandpaper.
- Washable.
- Doesn't rust.

**REGT71****3 Piece Miniature Brush Set**

- Steel, nylon and brass brushes.
- Complete with hanging holes.
- Suitable for most cleaning requirements.
- Length: Approx. 180mm.

**REGT72****3 Piece Flux Brush Set****Set of 3 brushes**

- Length of each brush: approx. 150mm.

**Brass Plated Steel Wire Brush****REGT80**

270mm long

- Multi purpose brass plated steel wire brush.
- Positive grip handle.

**Soft Bristle Brush****REGT85**

270mm long

- Multi purpose soft bristle brush.
- Positive grip handle.

**Long Cleaning Blade****REGT75**

400mm long

- For cleaning heat exchangers.
- Designed not to damage the heat exchanger.

**Short Cleaning Blade****REGT76**

200mm long

- For cleaning heat exchangers.
- Designed not to damage the heat exchanger.

**REGT78****Filament Hex Brush**

100mm. 6mm spindle.

- 100mm filament strip brush, impregnated with abrasive grit.
- Ideal for deburring, surface treatment of metal and wood, and other general cleaning applications.
- Max RPM: 4500.

**REGT58****20 Piece Engineers Cleaning Set**

Various sized brushes and probes suitable for many cleaning applications.

- Contents:  
115mm, 135mm (Small), 200mm (Medium), 200mm (Large) Bristle Brush.  
2 x 150mm, 210mm Soft Brush,  
180mm Brush with 45mm Soft-fill,  
Wire Probe, 10 x Wooden Probe,  
& Needle Lubricant.

**REGT79****Long Radiator Brush**

- A long round nylon brush ideal for cleaning behind radiators or in any inaccessible areas.
- Approx. length: 650mm.
- Diameter of brush: Approx. 40mm.

**Flue Brush Set****REGT55****Set of 3 brushes**

- Set comprises:  
16mm (5/8") round x 500mm,  
50mm (2") flat x 500mm &  
50mm (2") round x 500mm  
brushes.

**Oil Boiler Flue Brush Set****REGT56****Set of 3 brushes**

- Set comprises:  
25mm (1") round x 500mm,  
50mm (2") round x 500mm &  
75mm (3") round x 900mm  
brushes.

**7 Piece Flue Brush Set****REGT51****Set comprises:**

- 12" handle.
- 5" handle.
- 12" extension rod.
- 12" thin flexible extension rod.
- 50mm round long brush head.
- 50mm round short brush head.
- 50mm flat brush head.

**REGT81****9mm Nylon Tube Brush****9mm diameter**

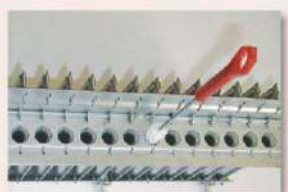

- For cleaning the Venturi on wall hung boilers.

**Bespoke  
Brushes****REGT82****Ventilator Triangle Cleaning Brush****240mm long**

- For cleaning the ventilator of wall hung boilers.

**Bespoke  
Brushes****REGT83****10mm Burner Hole Cleaning Brush****10mm diameter**

- For cleaning the burner holes on wall hung boilers.

**Bespoke  
Brushes****REGT84****Heat Exchanger Cleaning Brush****100mm x 170mm**

- For cleaning the heat exchanger of wall hung boilers.

**Bespoke  
Brushes**

**Boiler Flue Gas Path Cleaning Brush****REGT86****30mm x 420mm**

- For cleaning the flue gas paths of floor standing boilers.

**Bespoke  
Brushes****Large Boiler Flue Gas Path Cleaning Brush****REGT87****40mm x 500mm**

- For cleaning the flue gas paths of floor standing boilers.

**Bespoke  
Brushes****70mm Nylon Tube Brush****REGT88****70mm x 320mm**

- Nylon tube-brush for efficiently cleaning condensing boilers.

**Bespoke  
Brushes****Multi-Purpose Boiler Cleaning Brush****REGT89****60mm x 440mm**

- General purpose 60mm diameter polypropylene tube-brush for internal boiler cleaning.

**Bespoke  
Brushes**

*See Below***Electrical Connector with Strain Relief****REGE105****ORIGINAL  
& BEST****REGE103****REGE106**

Durable, high quality and long-lasting 3, 5 & 6 way electrical connectors used to make the wiring in boilers far more efficient for servicing and maintenance work. Complete with Strain relief for added safety.

- For flexible, stranded and solid wires.
- Strain relief.
- Rated voltage: 250V - 400V
- Rated current: 20A
- Max. operating temperature: 70°C.
- Min. operating temperature: -30°C
- Complete with locking latch for added security.
- Supplied with 1 x male connector, 1 x female connector, screws & fitting instructions.

**Versions available:**

- **REGE105 - 5 Way Connector**
- **REGE103 - 3 Way Connector**
- **REGE106 - 6 Way Connector**

## Terminal Drivers

See Below

REGE251

REGE252

- High quality special alloy chrome vanadium blade for longer life.
- Ultra comfort swivel top gives speed and control.
- Thin sleeve protected blade still gives excellent access.

- **Available in two types:**
- **REGE251 - Slotted Screwdriver.** 3.5mm x 100mm.
- **REGE252 - Pozi Screwdriver.** P20 x 100mm.

**REGE11****27 LED Home Work Light**

- 27 LED bulbs.
- Powered by 3 x AAA batteries (not included).
- Inbuilt magnet on reverse.
- Inbuilt hanger.
- Non-slip surface.
- Product size: 9.7 x 6.3 x 3.5cm.

**REGE12****24 LED Engineers Work Light**

- 24 LED bulbs.
- Powered by 3 x AAA batteries (not included).
- Inbuilt magnet on reverse.
- Inbuilt hanger.
- Non-slip surface.
- Product size: 21 x 6 x 3cm.

**REGE13****LED Pen Light**

- Magnetic attachment on swivel clip.
- 7 long life LED's.
- Powered by 3 x AAA batteries.
- Swivel pocket clip.
- 250 Lux Light intensity.
- 50 lm Light output.
- IPX3 Splash resistant.
- >11h Battery runtime.
- 1m Drop test.

**REGE15****Premier LED Headlight**

- Powered by 19 super-bright LED lights.
- 4 functions: 1 LED, 7 LED's, 19 LED's & 19 LED's flashing.
- Hands-free convenience.
- Lamp tilts through 90 degrees.
- Long LED bulb life.
- Solid state circuitry for longer battery life.
- Uses 3 x AAA batteries (not included).

**360° Inspection Lamp****REGE360****Regin Cordless 360° Lithium-ion Inspection Lamp**

- Incorporates a patented ball joint design which allows the Lamp to rotate through a full 360 degrees.
- Powerful 10 SMD LED main light floods your work area with light.
- Includes a 3 watt high power LED in the end allowing use as a torch.
- Magnets in the rear and in the base enable the light to be attached in a variety of positions.
- High power, low power & torch modes.
- Rechargeable Lithium-ion battery.
- Tough rubberised anti-slip casing.
- Supplied with mains charger and 12V charger.
- Patent pending.

**LITHIUM-ION**  
2.2Ah**Magfoot Rechargeable Site Light****REGE60****Highly versatile magnetic Site Light**

- Tough die-cast aluminium housing with tubular steel frame.
- Four strong foam covered magnets on base enabling the light to be mounted in a variety of positions.
- Super bright 10W COB LED.
- Produces 600 lumens output.
- Built-in high quality Lithium-ion 7.4V 2.2Ah battery.
- Operating time: approx. 2.5hr.
- Supplied with mains adaptor & in-car charger.

**LITHIUM-ION**  
2.2Ah

**REGM60****Mag Dish**

- Magnetic parts dish.
- Powerful base magnet will adhere to boiler casings in vertical or horizontal positions.
- Keeps metallic Bits 'n' Bolts etc in one place whilst working on an appliance.
- Approx. diameter: 150mm.

**REGM59****Magnetic Wristband**

For nuts, bolts etc.

- Use to hold nails, screws, nuts, bolts etc close at hand while working.
- Easy hook and loop closure.

**REGM62****Mag Tip Magnetic Screw Holder**

- Ideal for boiler hanging.
- Creates a strong, firm connection between screwdriver and screw.
- Can be fitted to most screwdrivers (with a shank diameter between 4.0 and 6.0mm or Phillips & Pozi sizes 1 & 2).
- Screw fastening becomes highly efficient, as the screw is firmly held, saving time and money.

**Tap Turner  
(Pair)****REGH02**

- Strong moulded turners designed specifically for X-shaped taps. Simply hook over the top of the tap and make it easier to turn the taps on and off.
- Suitable for both wash basin and bath taps.
- As they're colour-coded for hot and cold water, they're ideal for people who are partially sighted, reducing the risk of accidental scalding.
- Designed to reduce the strain on the hands and wrists, these tap turners can make an everyday task a little easier for the elderly and disabled.

**Contour  
Turner****REGH05**

- Used to give leverage for turning small difficult items eg. gas or radiator taps.
- Stainless steel rods, when pressed around an object, retract, conform around its shape and provide a purchase around it when the handle is turned.
- An excellent everyday household aid, especially useful for the elderly or infirm.

**Bungee Strap****REGM76**

600mm Bungee Strap (x2)

- A pair of high quality Luggage Straps.
- Ideal for securing luggage and goods.
- High tensile, vinyl coated steel hooks.
- TUV GS approved.

**Pocket Rocket****REGS40**

- Produces a powerful blue flame.
- Ideal for igniting smoke pellets.
- Refillable (with Butane lighter gas).

**Regin Keyring****REGK74**

- High quality keyring with metal cord.

**REGK80****Stubby Ratchet Screwdriver Set**

A high quality 'stubby' ratcheted driver with all the commonly used 'bits': an invaluable tool for modern appliances.

- Fine 36-tooth reversible stubby ratchet driver with soft comfort grip handle and integral bit storage.
- Twist reverse and ratchet lock mechanism.
- Features popular range of 25mm bits, 4-10mm sockets and socket adaptor.
- Contents:  
Reversible Ratchet Screwdriver,  
25mm Bits;  
Slotted - 3, 4, 5, 6mm,  
Phillips - #0, #1, #2, #3,  
Pozi - #1, #2, #3,  
TRX-Star - T15, T20, T25, T30,  
75mm 1/4" Hex Bit Holder,  
1/4"Sq Drive Adaptor,  
1/4"Sq Drive Sockets; 4, 5, 6, 7, 8 & 10mm.
- Supplied in storage case.

**REGB77****Extra Long Reach Screwdriver Set**

450mm long

- Set of two extra long reach screwdrivers: Pz2 x 450mm & 8mm (slotted) x 450mm.
- Contoured handles with soft grips for comfort and control.
- Hardened and tempered Chrome Vanadium steel shafts with a satin polished finish.
- Magnetized tips.

## Micro Socket &amp; Bit Set

REGK90

Kit contains:

- Bits:
  - Phillips: #1, #2, #3.
  - Pozi: #1, #2, #3.
  - Slotted: 4, 5, 6.
  - Hex: 4, 5, 6.
  - TRX-Star: T10, T15, T20, T25, T27, T30.
- 1/4" Sq Drive Sockets: 4, 5, 6, 7, 8, 9, 10, 11, 12, & 13mm.
- 50mm Extension Bar.
- 1/4" Sq Drive Ratchet Wrench.
- Bit Adaptor

## Micro Ratchet Wrench

REGB27

Stainless Steel 1/4" Sq. Drive

- Manufactured from high quality stainless steel with a fully polished satin finish.
- 72-Tooth, ultra-smooth ratchet with slide reverse.
- Ideal for limited access applications.

**REGB38****Multicolour Hex Key Set - Metric**

Nine piece colour coded high torque hex key set

- Manufactured from toughened shock-resisting S2 Steel.
- Colour-coded anti-slip coating ensures comfort, control and fast identification.
- Long arm provides extra reach and greater torque.
- The ballpoint end aids access even in difficult areas.
- 9 piece set: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, & 10mm high torque hex keys.
- Matte finish.
- Each key is colour coded and size marked for easy identification.
- Supplied in durable case which ensures keys are securely held and easily removed.

**Bonus Feature:**

- Case includes magnetiser, to magnetise a key - highly useful for holding fasteners when repositioning or removing them.

**REGB31****2.5mm T Handle Hex Pump Key****2.5MM****2.5mm**

- Ideal for gas valves etc.
- Ballpoint end aids access even in difficult areas.
- Comfortable contoured handle.
- Manufactured from high quality shock-resisting S2 Steel.

**REGB32****4mm T Handle Hex Pump Key****4MM****4mm**

- Ideal for pump heads etc.
- Ballpoint end aids access even in difficult areas.
- Comfortable contoured handle.
- Manufactured from high quality shock-resisting S2 Steel.

**REGB36****5mm T Handle Hex Pump Key****5MM****5mm**

- Ideal for commercial pump heads etc.
- Ballpoint end aids access even in difficult areas.
- Comfortable handle.
- Manufactured from high quality shock-resisting S2 Steel.

### Hex Key Set - Metric

**REGB33**

#### Nine piece metric hex key set

- Manufactured from toughened shock-resisting S2 Steel.
- The ballpoint end aids access even in difficult areas.
- 9 piece set: 1.5mm, 2mm, 2.5mm, 3mm, 4mm, 5mm, 6mm, 8mm, & 10mm high quality hex keys.
- Matte finish.
- Supplied in durable case which ensures keys are securely held & easily removed.

### Multi Tool - 15 Function

**REGT04**

- Manufactured from high quality stainless steel.
- Fully hardened and tempered for long life.
- Lightweight aluminium/composite handle construction.
- Multi-tool functions include: combination pliers, long nose pliers, wire cutter, fine edge blade, bottle opener, can opener, slotted screwdrivers, Phillips screwdriver, fish scaler, file, hook remover, ruler, wood saw and single/double file.
- Open/Closed length: 160mm/105mm.
- Ideal for camping and leisure activities.
- Supplied with belt pouch.

### Grip Spin Finger Drivers

**REGK44**

Perfect for tight spaces,  
e.g. boiler cases

- 3 Coloured Drivers with knurled edges for easy grip.
- Magnetic inserts.
- Interchangeable bits included.

**REGB28****Flexible Multi-Driver**

- A versatile tool designed for engineers and professionals.
- Shaft is flexible but retains rigidity allowing you to access tight spaces.
- Universal square head allows engineers to use existing 1/4" sockets and bits.
- Multipurpose solution for a range of tasks.

**flexible****REGU81****Flexible 10mm Nut Driver**

- Ideal for removing Gas Test Nipples with the built in 10mm Hex end.
- Shaft is flexible but retains rigidity allowing you to access tight spaces.
- Perfect companion to a Regain Premier Gauge when performing Gas Pressure tests at the meter.
- Remove test nipples effortlessly.

**flexible****REGB26****Monobloc Spanner Set - 10 Pieces**

10 Piece set.

- Chrome Vanadium.
- Double ended box spanners for use on nuts in awkward or restricted locations.
- Set contains: 6/7, 8/9, 10/11, 12/13, 14/15, 16/17, 18/19 and 20/22mm spanners and includes Tommy bars.
- Supplied in handy carry case.

**Stubby Combination Spanner Set****REGB54**

6-14mm

- Drop-forged, Chrome Vanadium steel combination spanners.
- Hardened, tempered and chrome plated for corrosion resistance.
- Stubby size for ease of access and use in appliances or confined areas.
- WallDrive® rings.
- Contents: 6, 7, 8, 9, 10, 11, 12, 13, 14mm

***regin.co.uk******@reginproducts***

**Website or Socials, stay up-to-date  
with 'Everything Regin'**

**REGR05****Radvalve Change Kit**

- Used for changing radiator valves without draining down.
- The kit comprises of 2 patented rubber bungs, jubilee clip and a radiator air bleed key.
- Supplied in strong nylon zip bag.
- Can be used in conjunction with *REGR01 Draineasy Radiator Draining Kit* (see page 21).
- For use on 15mm & 22mm pipework.

**REGB19****4-Way Plumbers / Utilities Key**

- Compatible with water, electric & gas service cabinets.
- All metal design.
- Durable, small and compact.

**REGR13****Regin Rad Key Ring**

- Specially designed for bleeding trapped air from radiators.
- Fits most radiators.

## Premier Stumpy Sealant Gun

REGB83

High quality reduced length sealant gun for everyday use.

- Specifically designed for REGZ31 & REGZ32 Silicate Cement (p111) (smaller for more control and access in confined spaces).
- Very strong construction (in order to deal with the high viscosity of some silicones and silicates).
- Includes tip cutter, just insert the nozzle of the cartridge and squeeze the handle.
- Tip piercer/cleaner for clearing sealant from dried nozzles.
- Hook end suitable for attaching to user's belt.

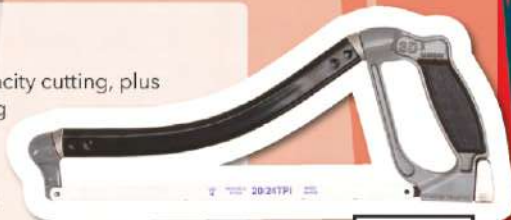

## Plumbers Swivel Back Pipe Saw

REGB90

4 position frame

- 4-Position frame design offers large capacity cutting, plus three other positions suitable for working in areas where access is tight.
- Especially suitable for works engineers and plumbers although equally at home in the general workshop or DIY environment.
- Blade can be released and changed without the need for tools.
- Supplied with high carbon steel 300mm blade.

Scan for  
Video

## Hook &amp; Pick Set

REGK40

5 piece set

- Chrome vanadium steel.
- Ideal for replacing 'O' rings, marking your tools, removing small fuses or stuck parts etc.
- Magnet integrated into base of handle.

**REGB01****CuttaKeep™ Pipe Cutter Holder**

Please note: Cutters are not included.

The Regin CuttaKeep™ is a unique tool created to save you time and money. It will securely dock virtually any make of 15mm, 22mm and 28mm automatic pipe cutter and protect the cutter wheel from being damaged. It will also make rooting around in the bottom of your toolbox a thing of the past - your automatic pipe cutters will be at your fingertips enabling you to find the required size in an instant.

The CuttaKeep™ also has a compartment where spare cutter blades can be stored.

- Organise your 15, 22 & 28mm automatic pipe cutters.
- Quickly & easily identify the correct size.
- Fits most brands.
- Store your replacement blades.
- Protects blade on new-style plastic pipe cutters.
- Helps protect your fingers.

**REGB05****Mini Tube Cutter**

- For 3 - 22mm (1/8 - 7/8") tubes.

**REGB10****Standard Tube Cutter**

- For 3 - 30mm (1/8 - 1 1/8") tubes.

**REGB15****Mini Tube Bender**

- For 6, 8, & 10mm (1/4, 5/16 & 3/8") tubes.

**REGT35****Inspection Mirror - Small**

- Telescopic.
- All-angle ball joint holds mirror firmly at any angle.
- Allows inspection of hidden areas.
- Pocket clip included.
- 30mm mirror.
- Min size: 174mm.
- Max size: 500mm.

**REGT40****Inspection Mirror - Large**

- Telescopic.
- All-angle ball joint holds mirror firmly at any angle.
- Allows inspection of hidden areas.
- Pocket clip included.
- 50mm mirror.
- Min size: 240mm.
- Max size: 698mm.

**REGK34****Schrader Valve Core Screwdriver Tool**

- Specialist tool for removing the core from Schrader valves.

## AAV Removal Tool

*See Below*

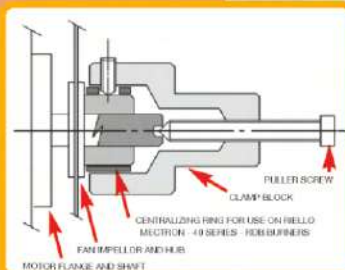

The Regin AAV Removal Tool is designed to assist in the replacement of the Caleffi Robocal 502 series Automatic Air Vents, particularly where access with a normal spanner or grips is at best very difficult due to location within the appliance.

- For easy replacement of: Caleffi Robocal 502 Series AAVs found on many Combi Boilers & Pumps.
- Includes 7mm bolt for awkward locations.

- **Available in two sizes:**
- **REGT30** - Standard AAV Removal Tool
- **REGT31** - Extended AAV Removal Tool

**REGT30****REGT31**

## Multi-Size Fan Puller

**REGT25**

- Suitable for most Riello and four splined pump drive fan impellers.

**REGK75****Free-Air Gauge Kit**

Regin Free-AirGauge Kit has been developed to assist registered installers to quickly, easily and accurately determine the free area of existing ventilation.

- The kit consists of:  
A 3-piece precision aluminium tool, colour coded for convenience.  
A vernier gauge to accurately measure the ventilator(s) installed.  
A slide calculator to determine the free area of the ventilation provided.
- It is vital that the free area of existing ventilation is accurately determined.
- The Free-AirGauge will assist the registered installer to make the right decision and improve the standards of gas safety.
- Complete kit supplied with keyring and carry case.

**REGC10****10mm Continuity Bond**

Length 1.2m

- For ensuring temporary continuity of earth.

**REGT08****Magtester Plus**

Good for checking almost any electro magnetic field i.e:

- Gas valve solenoids.
- Oil pump solenoids.
- Pump Motors.
- Diverter valve motors.
- Relays: Mains or Low Voltage.
- Most if not all electric motors.
- Car starter solenoids.
- Test magnet included.

**Illuminated 'Bits'n'Bolts' Retriever***REGT11*

- Heavy-duty five section telescopic pick-up tool.
- Large Ø14mm magnet with 3.6kg capacity and recessed LED to illuminate target area.
- Textured, contoured handle for added comfort.
- Knurled twist on/off switch for ease of use.
- Extends to approx: 81cm (32") in length.
- Complete with pocket clip.

**Thermocouple Tester***REGT20*

- Used for testing the correct operation of thermocouples.
- The thermocouple to be tested is assembled into the unit and the tip heated whilst depressing the white button. If the thermocouple is functioning correctly the plunger will remain depressed for approx. 20/30 seconds, simulating the operation of a gas valve.

**Thermocouple Thread Gauge Keyring***REGT19*

- For determining the exact size of thermocouple threads.
- Capable of sizing six threads: M8, M9, M10, 1/8" BSP, 7/16" and 11/32".

**REGT95****'Hot-Tote' Open Toolbox**

Perfect quick-access storage for your soldering kit

- Perfect for storing tools relating to 'heat and soldering'.
- Fully open allowing ease of access to tools\*.
- Extra secure draw to store spares and consumables.
- Manufactured from durable polypropylene.
- Dimensions: (HxWxD): 230mm x 476mm x 228mm

\*Tools not included

**REGK55****Pump Carry Case / Holdall**

- Designed to securely store your Regin Vessel Pump and accessories (will also fit most other brands).
- Two zip up pockets to safely store your pump adaptors, valve cores, spare parts etc.
- Made of high quality Oxford cloth with a water resistant finish.
- Strong handle and shoulder carry strap.
- Size: 66cm x 32cm x 15cm depth (approx).

### Tubing / Cable Storage Bag

REGR08

Ideal storage solution for your Drain Down Hose Kit

**WATER  
RESISTANT**

- Size: 40cm diameter x 8cm depth (approx).
- Made of high quality Oxford cloth with an improved chunky zip.
- Perfect storage solution for your Drain Down Hose Kit.
- Can also be used to neatly store your EV charging cables.
- Strong handle included for easy carrying or hanging when storing.
- Easy to wipe down and clean.

### Oil Burner Nozzle Case

REGO95

- Suitable for oil burner nozzles.
- Storage for up to 40 nozzles with foam padding.
- Complete with carry handle.

### Regin Organiser Case

REGT24

- Excellent organiser case for the busy tradesman.
- 25 removeable inserts.
- Measures approx. 335 x 240mm.

### Analysar Case - Small

REGXA7

- Protective case for Regin Analyser or other test equipment.
- Please note: Analyser Probe will not fit inside this case.*

**REGZ06****Premier  
Air Duster**

120ml

- Regin Premier Air Spray is a liquified, non-flammable\* gas and provides a dry, powerful blast for easy removal of dust and other loose contamination.
- This aerosol has been fitted with a 360° valve to enable use at all angles.

- This product has been formulated without the use of any CFCs or HCFCs.

\* According to Directive 2006/47/EC.

**REGZ09****Premier Giant  
Silicone Spray**

500ml. WRAS Approved

Regin Premier Silicone Spray is a general purpose, medium duty silicone lubricant, which exhibits excellent anti-stick and slip properties. Perfect for use anywhere that sticking or fusing causes problems. It is particularly useful for lubricating plastic piping.

- General purpose silicone lubricant.
- Exhibits excellent anti-stick and slip properties.
- Ideal for use where a clean, colourless lubricant is required.
- Safe to use on wood, glass, fabrics, metals, most plastics, rubbers and hard surfaces.

**REGLO1****Premier Gas Leak Spray**

300ml

- Meets the requirements of EN14291:2004.
- Safe detection of positive leaks.
- Suitable for use with most gases.
- Compatible with most metals and plastics.
- Specially equipped with a 360° valve to enable use at all angles.
- Fast and easy application.

### Back to Black Coal Paint

*See Below*

\*200ml aerosol

Revolutionary product - The original black pigment, as used by much of the fireplace industry.

- Quick, safe and easy to use.
- OEM pigment for use in gas fires up to 1100°C.
- Typically restores up to four complete fires\*.

- **Available in two varieties:**
- **REG265** - 200ml aerosol can
- **REG266** - 30ml brush-on bottle

### Stove Paint - Black

*See Below*

Regin Premier Stove Range Stove Paint is a very high temperature corrosion resistant non-clogging paint for use on wood or multi-fuel stoves, grates, flues, etc.

- Matt finish.
- Heat resistant to 650°C.

- **Available in two sizes:**
- **REGST10** - 250ml can
- **REGST15** - 450ml can

### Stove Glass Cleaner

**REGST20**

320ml

Regin Premier Stove Range Glass Cleaner clings to surfaces to remove creosote and tar deposits.

- For use on wood, coal or oil burning equipment, glass firescreens etc.
- Use regularly to avoid stubborn accumulations of tar/creosote deposits on glass doors.
- Can be used on glass oven doors as a de-greaser.

*See Below***Panasonic Pro Power Batteries**

- The PRO POWER battery offers premium energy for your personal appliances.
- Developed to provide reliable and dependable power, any place and any time.
- The PRO POWER battery is ideal for high and medium drain appliances.

- One of the world's longest lasting AA batteries.
- Pack of 4 x AA batteries.
- Powers your most critical devices.

**REGW80**

## Blue Paper Towel Roll

- Approx. 100 sheets per roll.
- 3 ply.
- Highly absorbent.
- Heavy Duty.
- Each sheet measures approx. 25cm x 37cm.

**REGW50**

## Heavy Duty Hand Wipes

70 Textured wipes

- Highly absorbent dual sided antibacterial textured wipes.
- Helps remove paint, grease, oil, sealants, putty, filler and adhesives.
- Each sheet measures approx. 20cm x 26cm.

**REGW55**

## Hand Sanitising Gel

100ml

- Kills / inhibits viruses and bacteria.
- Formulated with 80% alcohol.
- Moisturising.

### Radvalve Change Kit

**REGR05**

- Used for changing radiator valves without draining down.
- The kit comprises of 2 patented rubber bungs, jubilee clip and a radiator air bleed key.
- Supplied in strong nylon zip bag.
- Can be used in conjunction with *REGR01 Draineasy Radiator Draining Kit* or *REGR10 Radtrap Drainage Pad* (below).
- For use on 15mm & 22mm pipework.

### Draineasy Radiator Draining Kit

**REGR01**

- Drain Radiators Fast!
- Avoid unnecessary mess.
- For professional or DIY use.
- Universal application for 8mm, 10mm, 15mm & 22mm pipework.
- Can be used in conjunction with *REGR05 Radvalve Change Kit* (see above).
- Kit comprises:  
4 x Water Diverting Collars for 8mm, 10mm, 15mm and 22mm pipework, Reusable Sealing Strips, Draining Tray and Water Resistant Barrier Gel.

### Radtrap Drainage Pad

**REGR10**

- Quick easy method of channelling radiator contents into a suitable container, minimising spillage.
- Withstands hot water and chemical additives.
- Supplied with fixing clip.
- Can be used in conjunction with *REGR05* & *REGR01* (see above).

**REGR09****Drain Down Hose Kit**

Please note: Rubber Hose is for  
draining down only -  
**Do Not Pressurize.**

10m length of rubber hose

- Internal diameter: 1/2", outer diameter: 3/4".
- Made from actual formed rubber, NOT the imitation plastic rubber used in cheaper drain down hoses.
- Complete with jubilee hose clip.
- Supplied with velcro 2 x 'tidy-straps' for neat coiling.
- Storage bag available (see opposite).

**REGR65****Brass Straight Hose Joiner**

A brass union for connecting two  
Drain-Down hoses (REGR09 - above)  
together.

- Quickly and easily join two lengths of 1/2" rubber hose together.

**REGR60****Multi Drain Down Hose 1/2" / 6mm**

A 300mm length of 1/2" hose, 2m length of  
6mm rubber hose and a brass connecting  
piece. Complete with jubilee hose clip.

- Fits most boiler's drain connection.
- Fits most boiler's bleeding points.
- Fits Analyser probes for test points and pressure readings.
- Compact, durable, and lightweight.

### Extra Long 15m Drain Down Hose Kit

**REGR15**

Extra-Long 15m length of rubber hose

- As per our original Drain Down Hose (REGR09, opposite), but now in a handy 15 metre length.
- Made from actual formed rubber, NOT the imitation plastic rubber used in cheaper drain down hoses.
- This 15 Metre hose fits perfectly in the **REGR08 Regin Tubing/Cable Storage Bag** (Supplied\* - see below), which will keep it tidy and drip free in your work van after use.
- Printed with the 'REGIN' logo across the length of the hose to indicate a genuine Regin product.
- 15M Length.
- I.D 1/2", O.D 3/4".
- Complete with two velcro 'tidy straps', jubilee clip and storage bag\*.

Please note: Rubber Hose is for draining down only -  
**Do Not Pressurize.**

\*Bag included while stocks last

### Tubing / Cable Storage Bag

**REGR08**

Ideal storage solution for your Drain Down Hose Kit

**WATER  
RESISTANT**

- Size: 40cm diameter x 8cm depth (approx).
- Made of high quality Oxford cloth with an improved chunky zip.
- Perfect storage solution for your Drain Down Hose Kit.
- Can also be used to neatly store your EV charging cables.
- Strong handle included for easy carrying or hanging when storing.
- Easy to wipe down and clean.

**REGM35****4' x 4' Calico Cotton Dust Sheet**

4' x 4' (122cm x 122cm)

- Professional quality.
- 100% Natural Cotton.
- Fine weave.
- Protects furniture & floors.
- Reusable.
- Machine washable.

**REGM36****12' x 9' Calico Cotton Dust Sheet**

12' x 9' (366cm x 274cm)

- Professional quality.
- 100% Natural Cotton.
- Fine weave.
- Protects furniture & floors.
- Reusable.
- Machine washable.

**REGM38****Engineers Service Mat**

100cm x 73cm

- Helps protect hearths and work surfaces when removing appliances.
- Resists temperatures up to 100°C.
- Velcro pads to avoid slipping.
- Water resistant.

### 6' x 3' Laminated Dust Sheet

**REGM29**

6' x 3' (183cm x 91cm)

- Professional quality.
- Cotton with Polythene Laminate.
- Double protection.
- Helps prevent paints & liquids passing through.
- Water resistant.
- Reusable.

### 12' x 9' Laminated Dust Sheet

**REGM39**

12' x 9' (366cm x 274cm)

- Double protection.
- Cotton with Polythene Laminate.
- Helps prevent paints & liquids passing through.
- Strong hard wearing cotton resists wear.
- Water resistant.
- Reusable.

### Engineers Kneeling Mat

**REGW31**

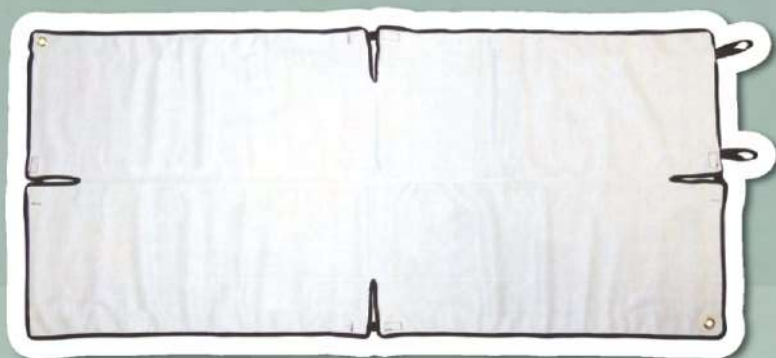

450 x 215 x 28mm

- Quality 28mm EVA kneeling mat ideal for the busy engineer.
- Suitable for use on hard floors.
- Lightweight.

\* All measurements are approximate.

*See Below***Plumbers Work Mat**

- The Regin Plumbers Work Mat is a durable waterproof absorbent everyday work mat giving professional consideration to customers' floors and surfaces safeguarding against possible insurance claims.
- Featuring pipe slots on all four sides, complete with velcro anchor straps.
- Double eyelets for hanging and securing.
- Dirt resistant waterproof backing.
- Water absorbent lining.

- **Available in two sizes:**

- **REGM25** - Standard.  
1550 x 680mm.
- **REGM26** - Large.  
2400 x 1200mm.

### First Aid Kit

**REGM46**

HSE 1-5 person

- Complies to current Health & Safety Executive Standards.
- Ideal for vans and cars.
- Supplied in durable zip up case.
- Measures approx. 22.5cm (w) x 16.5cm (d) x 4.8cm (h).

### Large First Aid Kit

**REGM47**

HSE 1-10 person

- Complies to current Health & Safety Executive Standards.
- Supplied in convenient carry case.
- Measures approx. 25cm (w) x 19cm (d) x 8.8cm (h).

**REGM45**

### Fire Extinguisher Powder 600g

600g

- Non-toxic dry powder.
- 5 year guarantee.
- Mounting bracket included.

**REGM44**

### Fire Extinguisher Powder 1kg with Gauge

- 1kg.
- ABC Powder.
- Integral gauge.
- Non-toxic dry powder.
- 5 year guarantee.
- Mounting bracket included.

**REGM48**

### Fire Blanket

- Conforms to BS EN1869
- Easy to use.
- Blanket size: 110cm x 110cm.

*See Below***Braided Glass Yarn****REGY16****REGY21****REGY23**

5m pack

- Maximum working temperature of 550°C.
- Asbestos free.
- Braided construction.
- Suitable for ovens, boilers etc.

- Available in three sizes:
- **REGY16** - 6mm diameter
- **REGY21** - 10mm diameter
- **REGY23** - 12mm diameter

*See Below***Glass Yarn Fixative**

- Heat resistant to 850°C.
- For adhering glass yarn to metal and glass.

- Available in two sizes:
- **REGY25** - 30ml Bottle  
Complete with brush on applicator.
- **REGY30** - 120ml Bottle  
Complete with nozzle applicator.

**REGY30****REGY25***Also available:**Range of Stove products, see pages 140-147*

### Coolskin Heat Resistant Gloves

**REGST65**

EN388:2016

EN407:2004

A pair of heavyweight, ambidextrous knitted gauntlets made from high quality 7 gauge high tenacity, aramid fibre.

- Specialist heat resistant gauntlets
- Heat protection up to 350°C.
- Incorporates a heavy knitted cotton lining.
- Extended cuff for additional protection to the wrist.
- Outstanding cut level 5 protection.
- Outer shell 100% KEVLAR®, Inner 100% cotton.
- Strong and lightweight.

### Regin Beanie Hat

**REGW01**

- 100% genuine Softex® Material, meaning super soft, super warm and comfortable to wear in the coldest of conditions.
- Knitted double thickness.
- One size fits all.

### ID Card Holder

**REGM66**

- ID card holder complete with lanyard.
- Quick release swivel clip for convenience.
- Safety release clip to prevent injury from snagging.

**REGW40****Work Gloves - 'Puggy' Type**

- A lightweight seamless polyester liner with a tough polyurethane coating on the palm.
- Excellent dexterity and grip with improved mechanical protection.
- Light weight and breathable.
- High dexterity and ideal for precision handling.

**REGW41****Work Gloves - Textured Latex Grip**

- A tough general purpose glove suitable for an extensive variety of applications.
- A premium black crinkle latex coating for excellent grip and durability.
- Lightweight, soft and extremely comfortable.
- Superior grip.

**REGW42****Work Gloves - Nitrile Coating**

- A lightweight and seamless polyester liner with a tough nitrile coating for excellent dexterity and abrasion resistance.
- Nitrile palm coating gives excellent grip and provides great resistance to oils, fats and grease.
- Light weight.
- Oil repellent.

## Work Gloves - PU Coating

**REGW43**

- Light weight polyester seamless liner.
- Tough durable polyurethane coating.
- Excellent dexterity and grip combined.
- Light weight.
- High dexterity and ideal for precision handling.

## Work Gloves - PU Fingerless

**REGW44**

- Light weight polyester seamless liner.
- Tough durable polyurethane coating.
- Thumb and first two fingertips exposed for extra dexterity.
- Light weight.
- High dexterity and ideal for precision handling.

## Work Gloves TDM Cut Level B

**REGW45**

- Machine knitted from a special high performance fibre offering cut level 3 (TDM Cut B) protection.
- Features an extremely light polyurethane coating.
- Sanitized\* function for increased freshness, hygiene and odour repellence.
- Cut resistant.
- Sanitized
- Breathable.
- Superior Grip.

## Work Gloves TDM Cut Level C

**REGW46**

- Specialised blend of advanced yarns giving cut level 5 (TDM Cut C) protection.
- Flexible polyurethane coating provides superb dexterity and grip.
- Sanitized\* function for increased freshness, hygiene and odour repellence.
- Cut resistant.
- Sanitized
- Breathable.
- Superior Grip.

**REGC30**

## Ignition Lead Multi-Kit

1500mm lead & accessories

- Cut to required length.
- Supplied with 2.8mm push fit spade connectors.
- High quality component.
- Suitable for both Natural Gas and LPG.

*See Below*

## Ignition Lead

- High quality part fitted with 2.8mm push fit spade connectors at each end.
- Available in a range of sizes.
- Suitable for both Natural Gas and LPG.

### • Sizes available:

- **REGC19** - 370mm long.
- **REGC20** - 450mm long.
- **REGC21** - 530mm long.
- **REGC22** - 750mm long.
- **REGC24** - 950mm long.
- **REGC25** - 1000mm long.

**REGQ220**

## Red Ignition Lead Connector

10 per pack

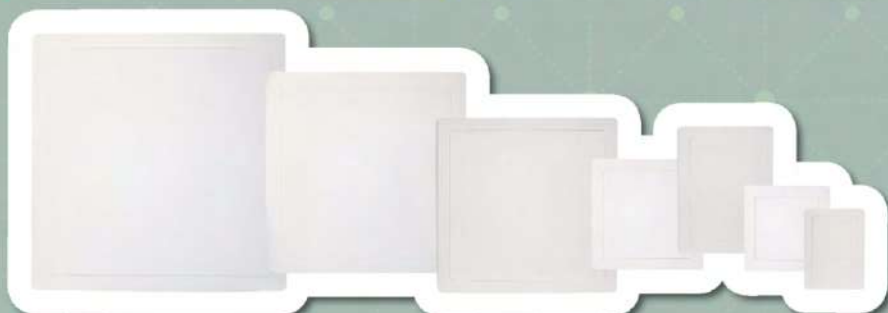

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated terminals.

**[www.regin.co.uk](http://www.regin.co.uk)**

### Inspection Hatches

*See Below*

Regin's range of hinged plastic inspection hatches provide a simple, low cost, high quality solution for access to building services in walls and ceilings.

The plastic access panels are produced from refined high impact plastic, injection moulded into a slim profile frame, with smooth rounded corners. This provides a lightweight solution, enabling easy and rapid installation into all types of wall or ceiling construction.

- Provides the perfect solution for access to services.
- Produced from UV stable ABS, the white finish will not discolour. Surface will accommodate a paint or wallpaper finish if required.

#### • Sizes available\*:

- **REGH150** - 100mm x 150mm
- **REGH150L** - 150mm x 150mm
- **REGH200** - 200mm x 200mm
- **REGH230** - 150mm x 230mm
- **REGH300** - 300mm x 300mm
- **REGH350** - 350mm x 350mm
- **REGH450** - 450mm x 450mm

\* Sizes indicate the size of the hole required.

### Fire Rated Inspection Hatch

**REGH300FR**

- Regin 1-hour fire rated access panel is tested to B.S.476: Part 22:1987. It provides access into all types of wall and ceiling construction voids.
- The powder coated steel panels have a slim profile, producing a lightweight, robust panel where access to building services is required.
- Featuring a flush metal door and held closed with lock.
- 300mm x 300mm size.

**REGLO1****Premier Gas Leak Spray**

300ml

- Safe detection of positive leaks.
- Suitable for use with most gases.
- Compatible with most metals and plastics.
- Specially equipped with a 360° valve to enable use at all angles.
- Fast and easy application.
- Meets the requirements of EN14291:2004.

**REGLO5****Leak Detection Fluid**

120ml

- Safe detection.
- Complete with brush for application.
- Suitable for use with most gases.
- Compatible with most metals and plastics.
- Eco friendly.
- EN14291:2004.

**REGL10****Leak Detection Atomiser**

250ml

- Safe detection.
- Pump action atomiser.
- Suitable for use with most gases.
- Compatible with most metals and plastics.
- Eco friendly.
- EN14291:2004.

**REGL15****Leak Shot**

Leak in a perfect 100ml size.

- Safe detection.
- Pump action atomiser.
- Refillable.
- Conveniently sized 100ml aluminium bottle.
- Suitable for use with most gases.
- Compatible with most metals and plastics.
- Eco friendly.
- EN14291:2004.

**REGP33**

**Chimney / Hearth  
Notice Plates**

10 per pack

- 145mm x 90mm plastic with pre-drilled holes.
- To comply with the requirements of Building Regulations.
- Complete with marker pen.

## REGU36

### Premier Gauge Stopper

- Replacement top stopper for REGU33, REGU35 or REGU40.
- Keeps the fluid from evaporating or being spilled when not in use.

## See Below

### Premier Gauge Bag

- **REGU29** - Bag for REGU33 Premier 30
- **REGU41** - Bag for REGU35 Premier 45 also  
- Bag for REGU40 Premier 60

## See Below

### Premier Gauge Screw & 'O' Ring

- **REGU28** - Screw & O Ring for REGU33 Premier 30
- **REGU38** - Screw & O Ring for REGU35 Premier 45
- **REGU42** - Screw & O Ring for REGU40 Premier 60

## REGU37

### Premier Gauge Blue Stopper

- Replacement blue stopper for the range of Regin Premier Gauges.
- Fits all 3 Premier Gauges: (REGU33, REGU35 & REGU40).

## See Below

### Premier Gauge Grey Stopper

- **REGU27** - Grey Stopper for REGU33 Premier 30
- **REGU34** - Grey Stopper for REGU35 Premier 45
- **REGU44** - Grey Stopper for REGU40 Premier 60

## REGR30

### Universal Meter Adaptor Plate

#### Universal Fitting

- Unique patented design.
- Fits all gas meter brackets.
- Firmly secures the meter to the bracket.

## REGC64

### 4mm Pilot Tube Assembly Kit

Aluminium Tube Kit 4mm O.D.

- M10 Brass fitting with snap off olive (sheer off union).
- M10 Brass nut long.
- Aluminium olive.
- M10 Brass nut short.
- M8 Brass nut.
- Brass olive.
- Brass olive typhoon.
- 1000 Aluminium tube BS1471 (4mm od).

## REGC66

### 6mm Pilot Tube Assembly Kit

Aluminium Tube Kit 6mm O.D.

- 2 x M11 Brass fittings with snap off olives (sheer off union).
- 2 x 6mm Brass olive nut.
- R1/4" to 6mm brass body.
- 6mm Brass olive.
- 1220 Aluminium tube BS1471 (6mm od).

## REGK33

### Schrader Valve Cores

Suitable for air & nitrogen.

- 10 cores per pack.
- Genuine Schrader™ product.
- Nickel-plated brass.
- Teflon seal.
- Standard flow.

## REGRI1

### 'Tamper Proof' Radvalve Tops

Domestic

- Fast, easy to fit and Tamper-Proof.
- No experience or special tools are required to install.
- Fits valves up to 15mm.
- Not suitable for TRVs.

## REGRI2

### 'Tamper Proof' Radvalve Tops

Commercial

- Fast, easy to fit and Tamper-Proof.
- No experience or special tools are required to install.
- Fits valves 1/2" to 1".
- Not suitable for TRVs.

## REGRI8

### Radiator Bleeder Set

1/2" Radiator air vent & blanking plug set

- Vent can be opened using radiator bleed key (supplied) or a screwdriver.
- Can be rotated to change direction that air/water discharges.

## REGK12

### Vessel Jet Replacement Battery

- Replacement / Spare battery for the Regin Vessel Jet 2 (see p10-11).

## REGK13

### Vessel Jet Mains Charger

- Replacement mains charger for the Regin Vessel Jet 2 (see p10-11).

## REGK14

### Vessel Jet Replacement Hose

- Replacement hose for the Vessel Jet 2 (see p10-11).

## REGK32

### Vessel Jet Vehicle Adaptor

- An adaptor lead which enables the Vessel Jet 2 (see p10-11) to be run from a vehicle 12V power supply.

## REGC40

### Cooker Stability Chain & Hook

- Complete with chain, hook & screws.
- Approx. 400mm long.
- Comes with fittings and bracket.

## REGK31

### Hand Pump Replacement Adaptor

- Replacement lever adaptor for the REGK30 Pressure Vessel Hand Pump (see p14).

## REGXA5

### Analysers Replacement Filter

- 1 per pack
- Replacement filter for Regin Analyser (see p28).

## REGXA56

### Thermal Printer Roll

- 5 per pack
- For use with REGXA55 Analyser Infra-Red printer (see p29).

### Landlord / Home Owner Gas Safety Record Pad

**REGP45**

25 reports in triplicate

- Record safety checks carried out during a Landlord/Home Owner gas safety inspection.
- Also allows for recording of additional information and observations.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP47**

### Caravan / Boat Gas Inspection Record Pad

25 reports in triplicate

- Adhesive backed top copy.
- Specifically designed for gas safety checks on leisure accommodation vehicles (LAV) such as caravans and boats, which are rented out to the public.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP50**

### Gas Safety Inspection Pad

50 reports in duplicate

- Record findings when carrying out general gas safety checks on a number of appliances.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP46****Gas Safety Record Pad**

25 reports in triplicate

- Record details of gas work undertaken.
- Can be used as: Gas Safety Inspection Pad (REGP50).
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP57****Commercial Catering Appliance Gas Safety Inspection Report Pad**

25 2-part reports in duplicate

- Specifically designed for safety checks and works carried out in a commercial catering establishment.
- Accurately document details about both the catering environment and the appliances themselves.
- Complete with writing guard and unique Report Reference numbers.

**REGP61****Legionnaire Risk Assessment Report Pad**

25 reports in triplicate

- Specifically designed for Legionnaire Risk Assessment on domestic property hot and cold water systems.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

### Warning Notice - Danger Do Not Use Report Pad

**REGP55**

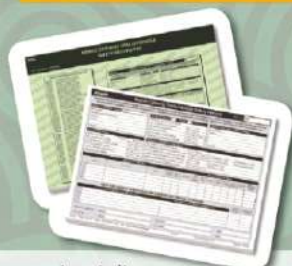

30 reports in triplicate

- Record Immediately Dangerous (ID), At Risk (AR) and Not To Current Standards (NCS) situations.
- Record your finding to ensure all parties are aware that an installation/appliance is not safe.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP56**

### Mobile Catering Trailer / Vehicle Safety Record Pad

25 reports in triplicate

- Record important gas safety checks carried out on mobile catering trailer/vehicles.
- Include details of the appliances, any safety checks carried out and the trailer/vehicle itself.
- Complete with writing guard and unique Report Reference numbers.

**REGP58**

### Unvented Hot Water Storage Vessel Commissioning Pad

25 reports in triplicate

- For use in installing, inspecting or commissioning domestic unvented hot water storage vessels.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP65****Maintenance / Service Check List Pad**

50 reports in duplicate

- For use when carrying out service or general maintenance work.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP62****Gas Testing and Purging Report - Domestic**

25 reports in triplicate

- Allows concise recording of each tightness test and details of purging that may be required.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGP59****Decommissioned Appliance Report Pad**

25 reports in triplicate

- Comprehensive pad specifically designed for decommissioning an appliance.
- Each report features it's own unique Report Reference number.

### REGP63

#### Condensing Boiler Installation Assessment Form

50 reports in duplicate

- Record, where applicable, that it would be reasonable to install a non-condensing boiler.
- Complete with writing guard.

### REGP64

#### Central Heating Inspection / Commissioning Report

50 reports in duplicate

- Report tests and checks while commissioning a central heating boiler. Also ideal for surveying an existing central heating system.
- Each report features it's own unique reference number.

### REGP66

#### Flue / Fireplace Commissioning Certificates

20 reports in duplicate

- To enable gas operatives to meet the requirements of Approved Document 'J' of the Building Regulations.
- Each report features it's own unique reference number.

### REGP70

#### Dry Pipe Pressure Test Certificates

50 reports in duplicate

- For use with REGK10 Dry Pipe Pressure Test Kit.

### REGP71

#### Chimney / Flue Notice Pack

Kit comprises:

- 1 x REGP66 Flue/Fireplace Commissioning Certificates
- 20 x REGP33 Chimney/Hearth Notice Plates
- 1 x permanent marker
- 1 x 3m roll double sided foam tape

### REGP80

#### Analyser Readings Record Pad

50 copies in duplicate

- Top copy is self adhesive.
- Also acts as an Annual Service Reminder.

**REGPC1****Commercial Servicing /  
Commissioning Report**

50 reports in duplicate

- Record essential checks and tests carried out while commissioning/servicing commercial appliances.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGPC2****Commercial Gas Testing and  
Purging Record Pad**

50 reports in duplicate

- Accurately record details of strength testing, tightness testing and purging procedures.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

**REGPC3****Commercial Gas Installation -  
Safety Report**

50 reports in duplicate

- Record details of a commercial gas safety inspection.
- Complete with writing guard.
- Each report features it's own unique Report Reference number.

## Non-Domestic Liquid Fuel Fired Single Combustion Appliance Service & Inspection Record Pad

**REGPO21**

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 2 2018 when servicing or commissioning non-domestic oil and liquid fuel fired appliances with 2 stage burners.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your client.
- Can be used to formally record and notify your client of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

## Non-Domestic Liquid Fuel Storage (up to 10,000 litres) & Supply Inspection Record Pad

**REGPO23**

25 reports in triplicate

- Essential document used to demonstrate compliance with BS 5410 Part 2 2018 when inspecting non-domestic oil and liquid fuel storage and supply systems.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your client.
- Can be used to formally record and notify your client of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

**REGPO11**

## Domestic Liquid Fuel Fired Pressure Jet Appliance Service, Commissioning & Inspection Record Pad

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 1 2019 when servicing or commissioning domestic oil and liquid fuel fired boilers.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

**REGPO13**

## Domestic Liquid Fuel Storage (up to 3,500 litres) & Supply Inspection Record Pad

25 reports in triplicate

- Essential document used to demonstrate compliance with BS 5410 Part 1 2019 when inspecting domestic oil and liquid fuel storage and supply systems as part of an appliance service or commissioning visit.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

### Liquid Fuel Common Fault Pad

**REGPO15**

25 reports in triplicate

- Saves time and money when Servicing or Commissioning.
- Provides added litigation protection
- Simple and quick tick box format for Potential & Immediate Risks against common faults
- Engineers terms and conditions pre-printed on reverse
- Compiled from over 10 years' worth of engineer's face to face feedback
- Up to date with latest versions of BS 5410 Parts 1 & 2
- Suitable for Domestic & Non-Domestic applications
- Three copy for tenanted properties (Site, Client and Engineer).
- Each report features it's own unique reference number.

### Domestic Central Heating & Hot Water System Inspection / Commissioning Report Pad

**REGPO10**

25 reports in triplicate

- Essential document designed to demonstrate compliance when commissioning wet central heating systems.
- Use to create a physical record of service and inspection works to wet central heating systems.
- Pre-printed industry generic terms and conditions on reverse to advise, inform and protect you and your customer.
- Provides key check points to follow.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique reference number.

### Domestic Liquid Fuel Fired Vaporising Appliance Service, Commissioning & Inspection Record Pad

**REGPO12**

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 1 2019 when servicing or commissioning domestic oil and liquid fuel fired vaporising appliances.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique reference number.

## REGM20

## Gas &amp; Water Jointing Compound

250g

- Soft setting non-petroleum based thread sealant for use with potable water and mains gas.
- WRAS Approved for use on cold potable water systems.
- Suitable for use on gas installation pipe-work as a class A, Arp and class B thread sealant as defined by BS751-2:1997.
- Non-toxic.

## REGZ22

## Zoom Spout® Oiler

ISO 32 grade oil. Flash point 210°C.

The original Zoom Spout Oiler

- Filled with 118ml of Unocal 76 Turbine Oil - a superior general purpose lubricating oil.
- Features a flexible, telescoping, non-conductive plastic spout that extends from approx. 7½" (190mm) to 13½" (340mm).
- Ideal for use on: Fans, Bushings, Electric motors (fractional to 5hp), Gear sets, Compressors, Linkages, Vacuum pumps, Bearings, Blowers and many more.

## REGM08

## Heldite Universal Sealant

250ml with brush applicator

HELDITE is a high performance sealant for preventing leakage of Oils, Hydraulic Fluids, Water, Steam, Gases, Coolants and Fuels (excluding ethanol) in all branches of Automotive, Auto Mechanical, Electrical and General Engineering, Plumbing, Heating and Pipeline Services.

- Flexible and adhesive.
- Completely waterproof.
- Non-abrasive, anti-corrosive and inert.
- Temperature range: -40°C to +350°C.

Not compatible with Ethanol and potable water

### Silicone Grease (WRAS Approved)

**REGZ40**

50ml tube

- Water-repellent, non-melting, tasteless and odourless grease used for electrical insulation purposes and specific lubrication of boiler parts when in contact with potable water.
- Temperature range: -40°C to +200°C.
- WRAS Approved.

### Heat Sink Compound

**REGZ20**

25g

- High thermal stability silicone compound. Non-setting. Used to maintain a positive heat sink seal.
- Evenly dissipates heat at the probe for clamp-on and dry pocket boiler overheat thermostats.
- Temperature range: -50°C to 200°C.

### Gas Tap Lubricant (Gas Cock Grease)

**REGZ15**

50g

- High quality grease lubricant for fittings exposed to gases and chemicals.
- Suitable for gas taps, gas cocks and valves.
- Resistant to Natural Gas and LPG.
- Temperature range: 0°C to +160°C.

*See Below***High Temperature Silicone Sealant****REGZ35****REGZ36****REGZ37**

310ml

- A general purpose silicone with a high temperature tolerance.
- 3 colours available.
- Withstands temperatures of up to 300°C (REGZ35 & REGZ36 - 225°C).
- Provides excellent adhesion to a wide range of surfaces, including metal, glass and glazed ceramics.

**• Available in 3 colours:**

- **REGZ35** - White
- **REGZ36** - Clear
- **REGZ37** - Black

- Cures at room temperature.
- Remains flexible from -60°C to +300°C (REGZ35 & REGZ36 - 225°C).

**REGZ34****Intumescent White Sealant**

310ml

- Water based acrylic.
- 4 hour fire rated.
- Can be overpainted.
- High density acoustic sealing formula.
- BS476 pt 20. ISO 11600.
- White in colour.
- Minimum 100% expansion.

- Can be used in joints up to 25mm wide.
- Can be used for: Pipe, cable and channel entries through walls and floors, and internal perimeter joints around fire doors.
- Can be used in contact with most building and decorating materials.

## Flue'n'Fire Seal 1500°C Silicate Cement

See Below

150ml

REGZ31

Regin Flue'n'Fire Seal High Temperature Resistant Silicate Cement Sealant is specifically designed for permanently repairing and sealing joints, cracks and fissures in fireplaces, ovens, chimneys and other surfaces where heat resistance is required. It can also be used for the repairing and assembling of vehicle exhaust systems.

- Heat resistant to 1500°C.
- Good adhesion to metal, brick and concrete.
- Can be overpainted.
- Primers not required.
- Easy to use.
- Supplied with nozzle.
- Multi purpose.

- Available in 2 colours:
- **REGZ31** - Natural  
Medium Brown
- **REGZ32** - Black

REGZ32

## Black High Temperature Silicone Sealant - Small Tube

REGZ77

80ml

- Handy smaller 80ml sized tube of our popular REGZ37 Black Silicone Sealant (opposite).
- Ideal for those smaller jobs - such as resealing a stove or boiler case.
- Easy squeezable tube with replaceable screw cap.
- Remains flexible from -60°C to +300°C.

**REGS15****FUMAX Smoke Pellets - Pack of 10**

Pack of 10 pellets

- BS5440 Part 1 compliant.
- Approx. 30 second burn time.
- Produces an estimated 5 cubic metres of smoke with an ideal density for flue testing.
- Encapsulated for ease of use and disposal.

**REGS20****FUMAX Smoke Pellets - Tub of 100**

Tub of 100 pellets

- Approx. 30 second burn time.
- Produces an estimated 5 cubic metres of smoke with an ideal density for flue testing.
- Encapsulated for ease of use and disposal.
- Supplied in a tough resealable water resistant container.
- BS5440 Part 1 compliant.

**REGS21****FUMAX RED Smoke Pellets - Pack of 10**

## FUMAX Kingsize Smoke Pellets - Pack of 10

**REGS25**

Pack of 10 King Size pellets

- BS5440 Part 1 compliant.
- Approx. 60 second burn time.
- Produces an estimated 15 cubic metres of smoke with an ideal density for flue testing.
- Encapsulated for ease of use and disposal.
- Supplied in tough resealable water resistant containers.

**REGS30**

## FUMAX Kingsize Smoke Pellets - Box of 50

Pack of 10 pellets

- Produces approx. 30 seconds of dense red smoke for better visibility against white/grey skies.
- Encapsulated for ease of use and disposal.
- Please note that this product is likely to stain.

Box of 50 King Size pellets

- Approx. 60 second burn time.
- Produces an estimated 15 cubic metres of smoke with an ideal density for flue testing.

- BS5440 Part 1 compliant.
- Encapsulated for ease of use and disposal.
- Supplied in resealable water resistant containers.

*See Below***Smoke Matches**

- Approx. 15 second burn time.
- Supplied in a resealable water resistant tub.
- Produces a white smoke with an ideal density for spillage testing.

• Available in two sizes:

- **REGS07** - Tub of 25 Matches
- **REGS06** - Tub of 75 Matches

**REGS07****REGS06****REGS40****Pocket Rocket**

- Produces a powerful blue flame.
- Ideal for igniting smoke pellets.
- Refillable (with Butane lighter gas).

**REGS50****Steady-Stream Smoke Wands**

Pack of 10 Smoke Wands

- Provides a steady plume of smoke, particularly suitable for checking the integrity of positive pressure appliance case seals.
- This product contains no hazardous or corrosive substances.

### Premier Solder Mat

*REGY12*

1300°C

- 29 cm x 19 cm.
- Withstands temperatures of up to 1300°C.
- High quality construction.
- Longer lasting.

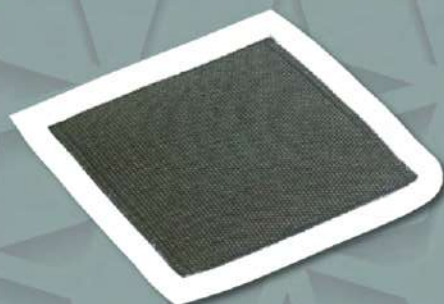

### Turbo Pad

*REGY10*

1000°C

- Approx. 23 cm x 23 cm.
- Withstands temperatures of up to 1000°C.
- Filled mat suitable for use with turbo torches.

### Solder Mat

*REGY05*

600°C

- Approx. 25 cm x 25 cm.
- Withstands temperatures of up to 600°C.
- Economical DIY type mat.

## REGK05

## Boiler First Aid Kit

- 28 commonly used fixings for a wide range of major boiler manufacturer's appliances with a further 4 Regin products needed for everyday service work. Supplied in a high quality assorter case.
- Measures approx. 335mm x 240mm.
- Kit comprises:

## REGK07

## Premier Professional Fuse Kit

- A comprehensive 180 piece kit containing 20 types of glass and ceramic quick blow and anti-surge fuses suitable for heating installers.
- Measures approx. 238mm x 175mm.
- Replenishment of all fuses available via our Bits'n'Bolts range (see p154).

### Premier Washer Kit

**REGK09**

A comprehensive 145 piece kit containing 9 types of fibre and rubber washers suitable for heating engineers.

Kit comprises:

REGK180					
Rubber Pump Washers					
Qty: 10					
REGQ109		REGQ106		REGQ107	
Fibre Pump Washers		1 1/4" Fibre Washers		3/4" Fibre Washers	
Qty: 10		Qty: 10		Qty: 20	
REGQ102	REGQ103	REGQ104	REGQ105		
8x14.5mm Fibre Ditt Washers	1/4" Fibre Washers	3/8" Fibre Washers	1/2" Fibre Washers		
Qty: 20	Qty: 20	Qty: 20	Qty: 20		

Products marked  are made with a WRAS Approved material and are suitable for use with potable water and Natural Gas.

### Installers Service Kit

**REGM70**

- Kit comprises:

Toolbox  
 12" 'U' Gauge  
 2m Rubber tube  
 'U' Gauge fluid  
 10mm Continuity bond  
 120ml Leak detection fluid  
 250ml Leak detection spray  
 Pressure test kit  
 'GAS' tape  
 'ON/OFF' tape  
 FUMAX smoke pellets (10)  
 FUMAX KS smoke pellets (10)  
 Smoke matches (75)  
 Aluminium tape 48mm x 45m  
 Danger Do Not Use stickers (8)

## REGK15

## Plumbers Electrical Kit

- 12 commonly used fuses and electrical components needed for everyday service work.
- Measures approx. 175mm x 130mm.

## Regin 25 Compartment Organiser Case

**REGT24**

- Excellent high quality organiser case for the busy tradesman.
- 25 removeable inserts.
- Measures approx. 335mm x 240mm.

REGK21

## O-Ring Kit - Imperial

High quality Nitrile (NBR 70) O-Rings in Imperial sizes (BS1806)

- Temperature range: -30°C to 120°C.
- Suitable for use with Natural Gas.

## • Kit contains:

- **REGQ701** - 1/8" x 1/16" (2.90mm x 1.78mm) (20)
- **REGQ702** - 5/32" x 1/16" (3.68mm x 1.78mm) (20)
- **REGQ703** - 3/16" x 1/16" (4.48mm x 1.78mm) (20)
- **REGQ704** - 7/32" x 1/16" (5.28mm x 1.78mm) (20)
- **REGQ705** - 1/4" x 1/16" (6.07mm x 1.78mm) (20)
- **REGQ706** - 5/16" x 1/16" (7.66mm x 1.78mm) (20)
- **REGQ707** - 3/8" x 1/16" (9.25mm x 1.78mm) (20)
- **REGQ708** - 3/8" x 3/32" (9.19mm x 2.62mm) (13)
- **REGQ709** - 7/16" x 3/32" (10.78mm x 2.62mm) (13)
- **REGQ710** - 1/2" x 3/32" (12.37mm x 2.62mm) (13)
- **REGQ711** - 9/16" x 3/32" (13.95mm x 2.62mm) (13)
- **REGQ712** - 5/8" x 3/32" (15.54mm x 2.62mm) (13)
- **REGQ713** - 11/16" x 3/32" (17.13mm x 2.62mm) (13)
- **REGQ714** - 3/4" x 3/32" (18.72mm x 2.62mm) (13)
- **REGQ715** - 3/4" x 1/8" (18.64mm x 3.53mm) (10)
- **REGQ716** - 13/16" x 1/8" (20.22mm x 3.53mm) (10)
- **REGQ717** - 7/8" x 1/8" (21.82mm x 3.53mm) (10)
- **REGQ718** - 15/16" x 1/8" (23.40mm x 3.53mm) (10)
- **REGQ719** - 1" x 1/8" (24.99mm x 3.53mm) (10)
- **REGQ720** - 1 1/16" x 1/8" (26.58mm x 3.53mm) (10)
- **REGQ721** - 1 1/8" x 1/8" (28.17mm x 3.53mm) (10)
- **REGQ722** - 1 3/16" x 1/8" (29.75mm x 3.53mm) (10)
- **REGQ723** - 1 1/4" x 1/8" (31.34mm x 3.53mm) (10)
- **REGQ724** - 1 5/16" x 1/8" (32.92mm x 3.53mm) (10)
- **REGQ725** - 1 3/8" x 1/8" (34.52mm x 3.53mm) (10)
- **REGQ726** - 1 7/16" x 1/8" (36.10mm x 3.53mm) (10)
- **REGQ727** - 1 1/2" x 1/8" (37.69mm x 3.53mm) (10)
- **REGQ728** - 1 1/2" x 3/16" (37.47mm x 5.33mm) (7)
- **REGQ729** - 1 5/8" x 3/16" (40.65mm x 5.33mm) (7)
- **REGQ730** - 1 3/4" x 3/16" (43.82mm x 5.33mm) (7)

O-Ring size refers to inside diameter x cross section (mm).

Quantities of each size in brackets.

O-Rings are available separately.  
See p162-163 for details.

### O-Ring Kit - Metric

**REGK22**

High quality Nitrile (NBR 70) O-Rings in metric sizes

- Temperature range: -30°C to 120°C.
- Suitable for use with Natural Gas..

#### • Sizes Available:

• <b>REGQ751</b>	- 3mm x 2.0mm	(18)
• <b>REGQ752</b>	- 4mm x 2.0mm	(18)
• <b>REGQ753</b>	- 5mm x 2.0mm	(18)
• <b>REGQ754</b>	- 6mm x 2.0mm	(18)
• <b>REGQ755</b>	- 7mm x 2.0mm	(17)
• <b>REGQ756</b>	- 8mm x 2.0mm	(17)
• <b>REGQ757</b>	- 10mm x 2.0mm	(17)
• <b>REGQ758</b>	- 10mm x 2.5mm	(14)
• <b>REGQ759</b>	- 11mm x 2.5mm	(14)
• <b>REGQ760</b>	- 12mm x 2.5mm	(14)
• <b>REGQ761</b>	- 14mm x 2.5mm	(14)
• <b>REGQ762</b>	- 16mm x 2.5mm	(14)
• <b>REGQ763</b>	- 17mm x 2.5mm	(14)
• <b>REGQ764</b>	- 19mm x 2.5mm	(14)
• <b>REGQ765</b>	- 19mm x 3.0mm	(12)
• <b>REGQ766</b>	- 20mm x 3.0mm	(12)
• <b>REGQ767</b>	- 22mm x 3.0mm	(12)
• <b>REGQ768</b>	- 24mm x 3.0mm	(12)
• <b>REGQ769</b>	- 25mm x 3.0mm	(12)
• <b>REGQ770</b>	- 27mm x 3.0mm	(12)
• <b>REGQ771</b>	- 28mm x 3.0mm	(12)
• <b>REGQ772</b>	- 30mm x 3.0mm	(12)
• <b>REGQ773</b>	- 32mm x 3.0mm	(12)
• <b>REGQ774</b>	- 33mm x 3.0mm	(12)
• <b>REGQ775</b>	- 35mm x 3.0mm	(12)
• <b>REGQ776</b>	- 36mm x 3.0mm	(12)
• <b>REGQ777</b>	- 38mm x 3.0mm	(12)
• <b>REGQ778</b>	- 38mm x 4.0mm	(9)
• <b>REGQ779</b>	- 42mm x 4.0mm	(9)
• <b>REGQ780</b>	- 45mm x 4.0mm	(9)

O-Ring size refers to inside diameter x cross section (mm).

Quantities of each size in brackets.

O-Rings are available separately.  
See p162-163 for details.

\* All measurements are approximate.

Consumables

**REGP36****Danger - Do Not Use Sticker / Tag**

8 stickers/tags per pack

- Adhesive label which sends a clear message to the gas user/responsible person that the appliance/installation is unsafe to use.
- Provides a means for engineers to fulfil the requirements placed upon them by the Gas Safety (Installation and Use) regulations 2015 (Edition 7) to notify or inform responsible persons and owners of premises/appliances of safety defects and dangers.
- Cable ties provided.
- Measures approx. 120mm x 100mm.

**REGP26****Danger - Do Not Use Sticker / Tag complete with Engineer Details**

8 stickers/tags per pack

- As REGP36 above, but includes a section for engineers to fill in their contact details.
- Cable ties provided.
- Measures approx. 120mm x 140mm.

**REGP22****Appliance Settings Caution Sticker**

8 stickers per pack

- Adhesive label which sends a clear message to the resident not to alter the appliance settings.
- Measures approx. 138mm x 85mm.

## Gas Appliance Serviced Sticker

REGP10

8 stickers per pack

- Provides installation and service information.
- Service due reminder.
- Measures approx. 100mm x 125mm.

## Electrical Bonding Sticker

REGP11

8 stickers per pack

- Adhere, where appropriate, to an appliance in order to warn of the lack of equipotential cross bonding of the gas installation.
- Measures approx. 102mm x 69mm.

REGP05

## Gas Appliance Serviced Tag

8 tags per pack

- Provides installation and service information.
- For situations where an adhesive label cannot be used.
- Cable ties provided.
- Measures approx. 100mm x 125mm.

REGP01

## Flammable Gas Warning Diamond

1 sticker per pack

- Internationally recognised symbol required on vehicles.
- Self adhesive vinyl.
- Measures approx. 100mm x 100mm.

REGP02

## Compressed Gas Warning Diamond

1 sticker per pack

- Internationally recognised symbol required on vehicles.
- Self adhesive vinyl.
- Measures approx. 100mm x 100mm.

**REGP15****Important -  
Compartment  
Sticker**

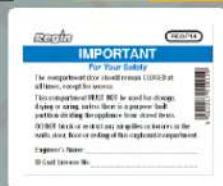

8 stickers per pack

- Warns of the dangers of blocking ventilation and storing items in compartments and airing cupboards.
- Measures approx. 100mm x 125mm.

**REGP34****Caution  
Very Hot Water  
Sticker**

8 stickers per pack

- Measures approx. 77mm x 52mm.
- Provides clear warning to use caution when using the hot water.

**REGP14****Discreet  
Compartment  
Sticker**

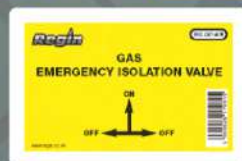

8 stickers per pack

- As per REGP15 (left), but in more muted colours as not to look too garish in the home.
- Measures approx. 100mm x 80mm.

**REGP39****Gas Valve  
Location  
Sticker**

8 stickers per pack

- Sticker to clearly identify the location of the Gas Emergency Control Valve.
- Measures approx. 110mm x 70mm.

**REGP43****Gas Isolation  
Valve Sticker**

8 stickers per pack

- Measures approx. 138mm x 85mm.
- Provides clear details of an emergency gas isolation valve.

## Uncommissioned Appliance Tag

**REGP44**

8 tags per pack

- Identifies uncommissioned gas appliances and installations.
- Cable ties provided.
- Measures approx. 139mm x 85mm.

## 5 Minute Hot Water Warning Sticker

**REGP41**

8 stickers per pack

- Measures approx. 90mm x 84mm.
- Provides operation and service information.

## Balanced Compartment Sticker

**REGP29**

8 stickers per pack

- Measures approx. 140mm x 90mm.
- Warns to keep door closed at all times.

## Lock Off Plate / Tag

**REGP94**

8 notice plates per pack

- Approx. 150mm x 40mm plastic with pre-drilled hole.
- Clearly visible notice plate.
- Made from hard wearing plastic.
- Cable ties supplied.

**REGP40**

## Gas Emergency Control Sticker

8 stickers per pack

- Identifies gas emergency control valves and provides clear and concise instructions to follow.
- Measures approx. 138mm x 85mm.

## Chimney / Hearth Notice Plates

**REGP33**

10 notice plates per pack

- 145 x 90mm plastic with pre-drilled holes.
- Complete with permanent marker.
- Measures approx. 145mm x 90mm.

REGPLO1

### Safety Warning - (Liquid Fuel) Immediate Risk Do Not Fill Sticker / Tag

8 stickers/tags per pack

- Measures approx. 140mm x 100mm.
- For application to oil and liquid fuel storage tanks where immediate, Fire, Safety and/or Environmental Risks are identified.
- Clear message and instruction to owners and custodians of storage tanks and fuel delivery drivers.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

REGPLO2

### Safety Warning - (Liquid Fuel) Immediate Risk Do Not Use Sticker / Tag

8 stickers/tags per pack

- Measures approx. 140mm x 100mm.
- For application to oil and liquid fuel fired appliances and equipment where immediate, Fire, Safety and/or Environmental Risks are identified.
- Clear message and instruction to owners and end users of oil and liquid fuel fired appliances and equipment.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

REGPLO8

### Warning - This Tank Contains Kerosene Sticker

Pack of 5 stickers

- Measures approx. 210mm x 148mm.
- Tank storage safety label for tanks containing Kerosene.

## Safety Warning - (Liquid Fuel) Potential Risk Identified Sticker / Tag

REGPLO3

8 stickers/tags per pack

- Measures approx. 140mm x 100mm.
- For application to oil and liquid fuel storage tanks, appliances and equipment where potential, Fire, Safety and/or Environmental Risks are identified.
- Clear warning to owners and custodians of storage tanks, appliances and associated equipment.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

## Service Reminder - (Liquid Fuel) Sticker / Tag

REGPLO4

8 stickers/tags per pack

- Measures approx. 100mm x 125mm.
- Great for repeat business and recommendations.
- Reminds your customers who you are and the work you've done.
- Reminds customers of the importance of regular servicing and inspection.
- Cable ties provided.

## Important - This Tank Contains HVO Sticker

REGPLO9

Pack of 5 stickers

- Measures approx. 210mm x 148mm.
- Tank storage safety label for tanks containing Hydrotreated Vegetable Oil.

**REGE20****Warning Do Not Use Tag**

8 tags per pack

- Ensure that an electrically unsafe appliance/equipment/installation is brought to the attention of the user and requires remedial work, or further investigation.

**REGE21****Warning Do Not Use Sticker**

8 stickers per pack

- Ensure that an electrically unsafe appliance/equipment/installation is brought to the attention of the user and requires remedial work, or further investigation.

**REGE22****Warning Disconnection Sticker**

8 stickers per pack

- Remind electrically competent persons to disconnect the electrical supply before removing electrical access covers.

**REGE23****Danger Live Terminals Sticker**

8 stickers per pack

- Alerts to the fact that live terminals are present within an enclosure.

**REGE24****Danger 230 Volts Sticker**

8 stickers per pack

- Warns of the presence of 230V.

**REGE25****Warning Isolate Supply Sticker**

8 stickers per pack

- Remind electrically competent persons to isolate the electrical supply before removing electrical access covers.

## Warning Connection Do Not Remove Sticker

REGEP26

8 stickers per pack

- Identifies the main earth safety electrical connections.

## Caution Wiring I.D. Sticker

REGEP27

8 stickers per pack

- Draws attention to the fact that the installation contains cable colours of two different versions of BS 7671.

## Important Inspection Reminder Sticker

REGEP28

8 stickers per pack

- Reminds the user of the importance of periodic inspections.

## Important Safety Device Sticker

REGEP29

8 stickers per pack

- Warns of the importance of testing the protective device by affixing this highly visible label to the consumer unit.

## Warning Isolation Tag

REGEP30

8 tags per pack

- Quick and efficient means of identifying that the electrical supply source has been isolated.

## Equipotential Warning Tag

REGEP31

8 tags per pack

- Advise the location of a property's equipotential bond connection for the gas supply.

**REGA01****Traceable Underground Tape - GAS****REGA02****Traceable Underground Tape - LIQUID FUEL****REGA01****CAUTION: BURIED GAS PIPE BELOW****REGA02****WARNING - LIQUID FUEL  
PIPELINE BELOW**

50 metre roll

- Available in 75mm wide (approx. 3 inch) x 50 metre long rolls and 0.1mm thick.
- Clearly marked and manufactured in industry recognised colours.
- Regin Traceable Underground Tape is used for accurately locating and preventing damage to valuable underground utility installations. It has an aluminum backing to make underground assets easy to find using a non-ferrous locator.
- Regin Traceable Underground Tape is a non-adhesive reinforced

tape for use by professionals in safety, construction, mining, hardware, utilities, and many other industries.

- This tape can quickly and easily be placed to provide warning of hazardous or dangerous situations on construction sites, road repairs or work sites.
- Properly installed, Regin Traceable Underground tape helps avoid catastrophically inaccurate digging when locating utilities.

• **Available in two versions:**

- **REGA01** - 'GAS' Tape
- **REGA02** - 'LIQUID FUEL' Tape

### Aluminium Foil Tape

*See Below*

- 45 metre roll.
- Class "O" fire rated.
- BS476 Part 6 & 7.
- High temperature resistance.
- Water resistant.

- Available in three sizes:
- **REGJ70** - 48mm wide
- **REGJ71** - 72mm wide
- **REGJ72** - 96mm wide

**REGJ70**

**Aluminium  
Foil Tape -  
48mm wide**

**Aluminium  
Foil Tape -  
72mm wide**

**REGJ72**

**Aluminium  
Foil Tape -  
96mm wide**

### Duct Tape - Black

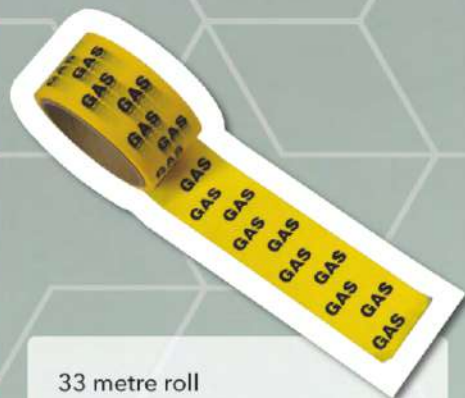

**REGJ75**

50 metre roll

- General purpose adhesive cloth duct tape.
- 48mm wide.
- Polythene coated cloth tape.
- Aggressive high tack adhesive.
- Temperature range 0°C to 70°C.
- For general purpose jointing, sealing, repairing, weatherproofing, packing and many other uses.

**REGA05****GAS Tape**

33 metre roll

- 48mm wide.

**REGA06****GAS Tape -  
Extra Long Roll**

66 metre roll

- Extra long roll.
- 48mm wide.

**REGA10****ON/OFF Tape**

33 metre roll

- 36mm wide.

**REGA15****DANGER  
DO NOT USE  
Tape**

33 metre roll

- 36mm wide.

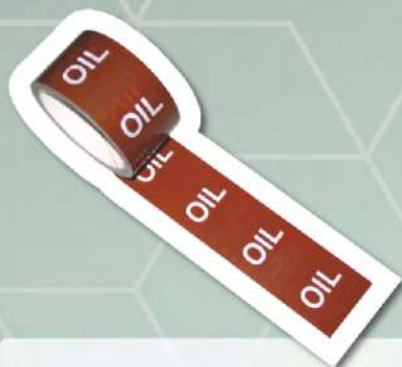

**REGA20****HEATING Tape**

33 metre roll

- 36mm wide.

**REGA07**

**OIL Tape**

33 metre roll

- 36mm wide.

**REGA55**

**LPG Tape**

33 metre roll

- 36mm wide.

**REGA45**

**Black Arrow

### Double Sided Foam Sealing Tape

**REGJ55**

Pack of 3 rolls

- Each roll is 3 metres long, 12mm wide, 1.5mm thick.
- Temperature range: (-40°C to +70°C).

*Please note: Not to be used as a boiler case seal.*

### Single Sided Foam Sealing Tape

**REGJ60**

Pack of 2 rolls

- Each roll is 4 metres long, 12mm wide, 12mm thick.
- Temperature range: (-40°C to +120°C).
- General purpose gap sealing tape.

*Please note: Not to be used as a boiler case seal.*

### Boiler Case Seal

**See Below**

5 metre roll (1 roll per pack)

- Expanded EPDM/Neoprene Sponge sealing strips.
- Adhesive backed.
- Service Temp: -40°C to +120°C.

**REGJ56**

- Self adhesive.
- Easy-Peel-Off backing.

**REGQ634****COLD WATER  
Pipe Label**

8 per pack

- Self adhesive.
- Easy-Peel-Off backing.

### Central Heating Cleaner

**REGL30**

- Disperses sludge, limescale and other deposits.
- Treats up to 10 radiators - 1 bottle for a typical heating system.
- 500ml treats up to 100 litres.
- For use in accordance with BS7593:2006
- Suitable for Mixed Metal Systems.
- Filling Kit available (REGL45).

### Central Heating Inhibitor

**REGL40**

- Prevents corrosion and limescale.
- Buildcert Approved.
- Treats up to 10 radiators - 1 bottle for a typical heating system.
- 500ml treats up to 100 litres.
- For use in accordance with BS7593:2006
- Suitable for Mixed Metal Systems.
- Filling Kit available (REGL45).

### Treatment Filling Kit

**REGL45**

- For use with Regin & other suitable central heating treatments.
- Connects 500ml bottles, with 38mm standard caps, to central heating system.

### Back to Black Coal Paint

See Below

\*200ml aerosol

Revolutionary product - The original black pigment, as used by much of the fireplace industry.

- Quick, safe and easy to use.
- OEM pigment for use in gas fires up to 1100°C.
- Typically restores up to four complete fires\*.

- **Available in two varieties:**
- **REG265** - 200ml aerosol can
- **REG266** - 30ml brush-on bottle

See Below

### Stove Paint - Black

Regin Premier Stove Range Stove Paint is a very high temperature corrosion resistant non-clogging paint for use on wood or multi-fuel stoves, grates, flues, etc.

- Matt finish.
- Heat resistant to 650°C.

- **Available in two sizes:**
- **REGST10** - 250ml can
- **REGST15** - 450ml can

REGST20

### Stove Glass Cleaner

320ml

Regin Premier Stove Range Glass Cleaner clings to surfaces to remove creosote and tar deposits.

- For use on wood, coal or oil burning equipment, glass firescreens etc.
- Use regularly to avoid stubborn accumulations of tar/creosote deposits on glass doors.
- Can be used on glass oven doors as a de-greaser.

## Stove Rope - Braided

*See Below*

High temperature sealing yarn for ovens, boilers, flues and general heating applications.

- 1.5 Metre Pack.
- Max Temp 550°C.
- Asbestos free braided yarn.

### • Available in three diameters:

- **REGST32** - 6mm
- **REGST34** - 9mm
- **REGST36** - 12mm

## Stove Rope & Fixative Kit

*See Below*

Convenient kit containing 1.5m of Braided Stove Rope and a bottle of Stove Rope Fixative.

### • Available in three diameters:

- **REGST40** - 6mm
- **REGST42** - 9mm
- **REGST44** - 12mm

All come complete with a 30ml bottle of Stove Rope Fixative **REGST25**

## Stove Rope Fixative

*See Below*

- Heat resistant to 850°C.
- For adhering glass yarn to metal and glass.

### • Available in two sizes:

- **REGST25** - 30ml Bottle  
*Brush on applicator.*
- **REGST30** - 120ml Bottle  
*Nozzle applicator.*

## Flue'n'Fire Seal 1500°C Silicate Cement

REGZ31

REGZ32

150ml

Regin Flue'n'Fire Seal High Temperature Resistant Silicate Cement Sealant is specifically designed for permanently repairing and sealing joints, cracks and fissures in fireplaces, ovens, chimneys and other surfaces where heat resistance is required. It can also be used for the repairing and assembling of vehicle exhaust systems.

- Heat resistant to 1500°C.
- Good adhesion to metal, brick and concrete.
- Can be overpainted.
- Primers not required.
- Easy to use.
- Supplied with nozzle.
- Multi purpose.

### Available in 2 colours:

- **REGZ31** - Natural  
Medium Brown
- **REGZ32** - Black

See p65  
for bespoke  
Sealant Gun  
REGB83

REGZ77

## Black High Temperature Silicone Sealant - Small Tube

80ml

- Handy smaller 80ml sized tube of our popular REGZ37 Black Silicone Sealant (p110).
- Ideal for those smaller jobs - such as resealing a stove or boiler case.
- Easy squeezable tube with replaceable screw cap.
- Cures at room temperature and remains flexible from -60°C to +300°C.

## Chimney & Flue Cleaner

**REGST50**

750g tub

- Regin Stove Range Chimney & Flue Cleaner attacks and reduces creosote and tar deposits that have built up on flue linings.
- Improves your flue's health & efficiency.
- With regular use these hard deposits become crystallised and either fall off or are removed during chimney sweeping.

## Stove & Grate Polish

**REGST01**

170g tub

Regin Premier Stove Range Stove & Grate Polish is a water based polish formulated to cover minor scratches and rust, leaving an even finish which, when dry, does not rub off.

## Stove Heat Resistant Gloves

**REGST65**

1 pair

- Protects hands against temps up to 350° dry contact heat.
- Contact heat level 3.
- Cut level 5.
- 100% KEVLAR® outer layer.
- Machine washable. Soft and flexible.
- Non allergenic.
- Strong and lightweight.

## Chimney / Hearth Notice Plates

**REGP33**

Pack of 10 Notice Plates

- 145mm x 90mm plastic with pre-drilled holes.
- To comply with the requirements of Building Regulations.
- Complete with marker pen.

**REGXE65**

**Pocket Infra Red Thermometer**

- Non-contact temperature measurement.
- Laser targeting.
- Backlit LCD Display.
- Measurement Range:  $-30^{\circ}\text{C}$  to  $+260^{\circ}\text{C}$ .
- Optical Resolution: 8:1 Distance to spot size.
- Switchable  $^{\circ}\text{F}/^{\circ}\text{C}$ .
- Auto Power Off.
- Hold Function.
- Max/Min Function.

Dual Temperature

Auto Power Off

Quick Measurement

Accurate

Easy Operation

**REGXE68**

**3-in-1 Thermometer**

- Infra Red Temperature Measurement:  $-35^{\circ}\text{C}$  to  $+260^{\circ}\text{C}$
- Thermistor Probe Temperature Measurement:  $-40^{\circ}\text{C}$  to  $+260^{\circ}\text{C}$ .
- Clamp Temperature Measurement:  $-40^{\circ}\text{C}$  to  $+200^{\circ}\text{C}$  (clamp opening  $\approx 25\text{mm}$ ).
- Switchable  $^{\circ}\text{F}/^{\circ}\text{C}$ .
- Auto Power Off.
- Hold Function.
- Max/Min Function.

Dual Temperature Measurement

Quick Measurement

Accurate

Easy Operation

Stainless Steel Probe

**REGST75**

**Stove Pipe Thermometer**

- Monitor the performance of your wood or multi fuel stove.
- Easy to read.
- Attaches magnetically.
- $^{\circ}\text{C}$  and  $^{\circ}\text{F}$  scales.
- Improves stove's efficiency.

## Digital Wood Moisture Meter

**REGST80**

- Measures moisture range from: 3.0% to 40.0%.
- Large, easy-to-read display including speedometer style scale.
- Supplied in Nylon pouch.
- Low battery indication.
- Data-hold function.
- ON/OFF push-button power switch.
- Auto power-off after 15 minutes of inactivity.
- Supplied with battery.

## Stove Range Smoke Pellets

**REGST02**

Pack of 10 pellets

- BS5440 Part 1 compliant.
- Approx. 30 second burn time.
- Produces an estimated 5 cubic metres of smoke with an ideal density for flue testing.
- Encapsulated for ease of use and disposal.

## Stove Range Smoke Matches

**REGST03**

Tub of 25 matches

- Approx. 15 second burn time.
- Supplied in a resealable water resistant tub.
- Produces a white smoke with an ideal density for spillage testing.
- Average contents: 25 matches.

## Red Ignition Lead Connector

10 per pack

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ210

#### Red Push-On Connector - Male

15 per pack

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ215

#### Red Push-On Connector - Female

10 per pack

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ216

#### Red Bullet Connector - Male

10 per pack

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ217

#### Red Bullet Connector - Female

10 per pack

- For wires 0.5 - 1.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ218

#### Blue Bullet Connector - Male

10 per pack

- For wires 1.5 - 2.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

### REGQ219

#### Blue Bullet Connector - Female

10 per pack

- For wires 1.5 - 2.5mm.
- High quality, pre-insulated crimp terminals.
- Flared entry for easy location of cable.

**REGQ230****Connector Strip  
5A PVC**

2 strips per pack

- Flexible polyethylene material with 12-way terminal strip and brass inserts and screws.
- 80°C working temperature.
- See below for Insulated Terminal Driver REGE251.

**REGQ231****Connector Strip  
15A PVC**

1 strip per pack

- Flexible polyethylene material with 12-way terminal strip and brass inserts and screws.
- 80°C working temperature.
- See below for Insulated Terminal Driver REGE251.

**REGE251****Terminal  
Driver - Slotted**

- High quality special alloy chrome vanadium blade for longer life.
- Ultra comfort swivel top gives speed and control.
- Thin sleeve protected blade still gives excellent access.

Also available as Pozzi:  
(REGE252, see p51).

### Electrical Connector with Strain Relief

*See Below*

**ORIGINAL  
& BEST**

**REGE105**

**REGE103**

**REGE106**

Durable, high quality and long-lasting 3, 5 & 6 way electrical connectors used to make the wiring in boilers far more efficient for servicing and maintenance work. Complete with Strain relief for added safety.

- For flexible, stranded and solid wires.
- Strain relief.
- Rated voltage: 250V - 400V
- Rated current: 20A
- Max. operating temperature: 70°C.
- Min. operating temperature: -30°C
- Complete with locking latch for added security.
- Supplied with 1 x male connector, 1 x female connector, screws & fitting instructions.

#### Versions available:

- **REGE105** - 5 Way Connector
- **REGE103** - 3 Way Connector
- **REGE106** - 6 Way Connector

**REGQ602**

### Sealant Nozzles

- A simple solution for blocked nozzles.
- For use with most 310ml and 150ml sealant type tubes.
- 4 nozzles per pack.

**REGQ237**

### Radiator Clamp Kit

1 per pack

- Specifically designed to allow a convenient and easy method of complying with the current IEE wiring regulations.
- Easily used in earthing applications with wet filled radiators, steel kitchen sinks, ducting, suspended ceilings or any other metalwork that offers a 'fin' contact area.

**REGQ161**

### M8 Brass Pressure Test Point

1 per pack

- Metric test point nipple with M8 thread.
- For Natural Gas and LPG.
- Ideal for routine maintenance.
- Brass construction.

**REGQ601**

### 'Z' Driver Angled Screwdriver

No.2/6mm

- Phillips and slotted head driver.
- Overall length approx. 145mm.

**REGQ238**

### Disposable Anti-Static Wrist Strap

- For removing potentially damaging static charges when installing or removing sensitive electronics such as P.C.B's during maintenance and repairing of appliances.

**REGQ160****Brass Pressure  
Test Nipple**

2 per pack

- Test point nipples with 1/8" BSP thread.
- For Natural Gas and LPG.
- Ideal for routine maintenance of appliances.
- Brass construction.
- Long-lasting.

**REGT11****Bits'n'Bolts  
Retriever**

- Heavy-duty five section telescopic pick-up tool.
- Large magnet with strong capacity and recessed LED to illuminate target area.
- Textured, contoured handle for added comfort.
- Knurled twist on/off switch for ease of use.
- Extends to approx: 80cm (32") in length.

*See Below***Meter Sealing  
Disc**

- Available in two sizes:
- **REGQ180** - 3/4" diameter.  
4 per pack.
- **REGQ181** - 1" diameter.  
3 per pack.

*See Below***Meter Union  
Washers**

- **REGQ185** - 3/4" - 10 per pack.  
(25.8 x 20.2 x 2.4mm).
- **REGQ186** - 1" - 10 per pack.  
(32.3 x 25.8 x 2.4mm).

Other sizes available, see p173

### Neon Mains Test Screwdriver

**REGQ600**

1 per pack

- Contains a neon indicator in the clear plastic handle which lights up when the point of the screwdriver is touched on voltages between 220-250V and your thumb is forming an earth contact with the metal stud set into the top of the handle.
- The mains tester has a plastic insulating sleeve on the screwdriver blade.

### Cable Ties

*See Below*

- Available in two sizes:
- **REGQ610** - 140mm long. 50 per pack.
- **REGQ611** - 250mm long. 30 per pack.

### Jubilee Hose Clip

*See Below*

1 per pack

- Available in three sizes:
- **REGQ820** - 13 - 20mm diameter.
- **REGQ825** - 17 - 25mm diameter.
- **REGQ835** - 25 - 35mm diameter.

### Steel Earthing Clamp

*See Below*

1 per pack

- For 12-32mm diameter pipes.
- Available in two varieties:
- **REGQ235** - Red Steel Earthing Clamp. For dry conditions.
- **REGQ236** - Blue Steel Earthing Clamp. For areas prone to moisture.

**REGQ615****Radiator Bleed Key**

2 per pack

- Solid brass radiator bleed key suitable for most radiator bleed nipples.

**REGQ616****Meter Box Key**

2 per pack

- Pack of 2 plastic meter box keys.

**REGQ619****Flux Brush**

1 per pack

- Overall length approx. 150mm.

**REGQ680****Superglue**

1 per pack

- 20g bottle.
- High performance fast bonding glue.
- Bonds quickly at room temperature.
- High performance fast bonding glue.
- Suitable for rubber, plastic, metal, wood, leather, ceramics and fabric.

**REGT72****Flux Brushes set of 3**

3 per pack

- Overall length approx. 150mm.

### Analysar Test Hole Cover

**REGQ170**

- 10 per pack
- Self adhesive - covers unsightly holes.
- Metallic.

### Cotter Pin

**REGQ660**

- 20 per pack
- M2 size.

### 3 Piece Mini Brush Set

**REGT71**

Set of 3 Mini Brushes

- Steel, nylon and brass brushes.
- Suitable for most cleaning requirements.

### Steel Wire Mini Brush

**REGQ620**

- 1 per pack
- Overall length approx. 175mm.

### Brass Wire Mini Brush

**REGQ622**

- 1 per pack
- Overall length approx. 175mm.

### Nylon Mini Brush

**REGQ623**

- 1 per pack
- Overall length approx. 175mm.

- Self adhesive.
- Easy-Peel-Off backing.

**REGQ634**

**COLD WATER  
Pipe Label**

8 per pack

- Self adhesive.
- Easy-Peel-Off backing.

## Fibre Washers - information

- The Regin range of Fibre Washers are manufactured from a WRAS Approved material and are suitable for use with Potable water.
- Suitable for use with Natural Gas.
- Recommended max. temperature: 300°C (max. steam temp. 180°C).
- Suitable for use with oils, fuels, low pressure steam, water and gas.

**REGQ115**

## Fibre Washer Pack

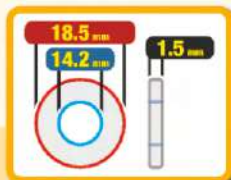

- Replacement Diverter Valve Washers.
- Pack comprises:  
3 x 1/2" Fibre Washers, 3 x 3/4" Fibre Washers & 1 x 1" Fibre Washer.
- Recommended max. temperature: 300°C (max. steam temp. 180°C).
- WRAS Approved.

**REGQ110**

## 1/2" Fibre Washer

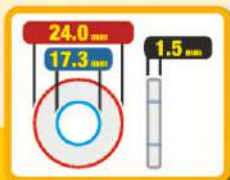

8 per pack

**REGQ111**

## 3/4" Fibre Washer

Washer**

4 per pack

**REGQ108**

**1 1/4" Fibre  
Washer**

3 per pack

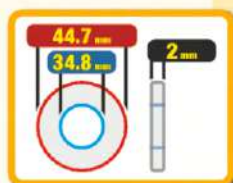

\* All measurements are approximate.

**REGQ109****Fibre Pump Washer**

3 per pack

- For sealing in low temperature and low pressure applications.
- Particularly recommended for fuel oil installations.
- Maximum temp: 180°C

**REGQ190****Circulation Pump Washer**

4 per pack

- (44.95/43.95mm x 32.1/31.4mm x 2.2/1.8mm).
- Manufactured from black Neoprene rubber.

**REGQ120****1/2" Flex Tap Connection Washer**

20 per pack

- Non asbestos Nov30.

**REGQ121****1/2" Fibre Washer Y.I.F.**

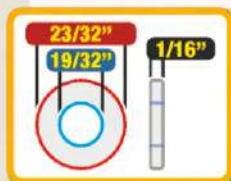

30 per pack

- Hard red fibre.

### 1/2" Cap & Lining Washer

**REGQ122**

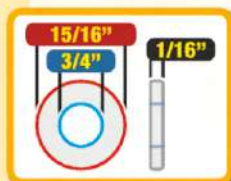

30 per pack

- Hard red fibre.

### 3/4" Cap & Lining Washer

**REGQ123**

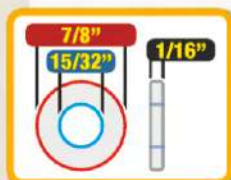

20 per pack

- Hard red fibre.

### 1/2" Ballvalve Seating Washer

**REGQ124**

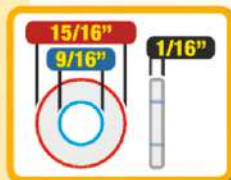

20 per pack

- Hard red fibre.

### 3/4" Flex Tap Conn. Washer

**REGQ191**

15 per pack

- Non asbestos Nov30.

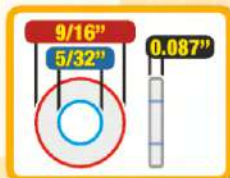

\* All measurements are approximate.

**REGQ192****1/2" Draw Off  
Tap Washer**

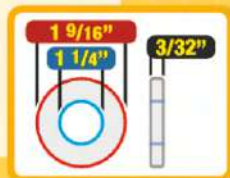

20 per pack

- Commercial rubber.

**REGQ193****Rubber Bottle  
Trap Washer**

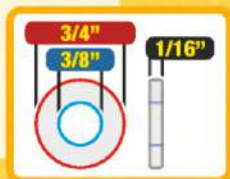

5 per pack

- Rubber.

**REGQ194****1/2" Shower  
Hose Washer**

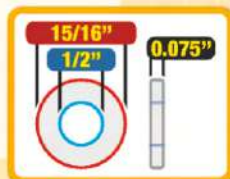

20 per pack

- Smooth rubber.

**REGQ195****3/4" Washing  
Machine Hose  
Washer**

10 per pack

- Smooth rubber.

**See Below****Steel Star Washer**

30 per pack

- Available in two sizes:
- **REGQ100** - M4.
- **REGQ101** - M5.

### Meter Union Washers

*See Below*

Conforms to BS EN 549

- Manufactured from black Neoprene rubber.

- **REGQ185** - 3/4" - 10 per pack.

(25.8 x 20.2 x 2.4mm).

- **REGQ186** - 1" - 10 per pack.

(32.3 x 25.8 x 2.4mm).

- **REGQ187** - 1 1/4" - 6 per pack.

(42.5 x 35.3 x 2.4mm).

- **REGQ188** - 1 1/2" - 3 per pack.

(53.6 x 44.3 x 2.4mm).

- **REGQ189** - 2" - 2 per pack.

(71.4 x 57.5 x 2.4mm).

(outside diameter  $\pm$  0.4mm x inside diameter  $\pm$  0.4mm x thickness  $\pm$  0.2mm)

### Meter Adaptor Washers

*See Below*

Conforms to BS EN 549

- Manufactured from black Neoprene rubber.

- **REGQ175** - 3/4" - 6 per pack.

(29.0 x 21.4 x 3.2mm).

- **REGQ176** - 1" - 6 per pack.

(36.5 x 27.0 x 3.2mm).

- **REGQ177** - 1 1/4" - 4 per pack.

(45.5 x 36.5 x 3.2mm).

- **REGQ178** - 1 1/2" - 3 per pack.

(56.5 x 45.5 x 3.2mm).

- **REGQ179** - 2" - 2 per pack.

(76.0 x 58.8 x 3.2mm).

(outside diameter  $\pm$  0.4mm x inside diameter  $\pm$  0.4mm x thickness  $\pm$  0.2mm)

### Steel Flat Washer

*See Below*

- Available in two sizes:

- **REGQ90** - M4.

- **REGQ91** - M5.

30 per pack

**REGO100**

**Metric  
Flaring Tool**

For 4mm - 16mm diameter pipes.

- Supplied in protective carry case.

**REGO110**

**Flared Fitting  
Elbow**

- 10mm Elbow - Equal  
(two nuts).

**REGO119**

**Flared Fitting  
Union**

- 10mm Union x 1/4" bspt (one nut).

**REGO113**

**Flared Fitting  
Elbow**

- 10mm Elbow x 1/4" bspt  
(one nut).

## Aluminium Oil Filter

REGO70

1/4" bsp

- Supplied complete with paper element.
- Fits in the oil line between the oil storage tank and the oil fired boiler to ensure a clean supply of oil to the burner.
- Easily fitted and helps reduce maintenance of the burner.

REGO71

**Paper Filter  
Element  
15 Micron**

- Fits the REGO70 Filter (above).
- Diameter approx: 40mm.  
Height approx: 37mm.

REGO72

**Stainless Steel  
Filter Element  
60 Micron**

- Fits the REGO70 Filter (above).
- Diameter approx: 40mm.  
Height approx: 37mm.

REGO73

**Stainless Steel  
Filter Element  
100 Micron**

- Fits the REGO70 Filter (above).
- Diameter approx: 40mm.  
Height approx: 37mm.

## Heldite Universal Sealant

REGM08

250ml with brush applicator

HELDITE is a high performance sealant for preventing leakage of Oils, Hydraulic Fluids, Water, Steam, Gases, Coolants and Fuels (excluding ethanol) in all branches of Automotive, Auto Mechanical, Electrical and General Engineering, Plumbing, Heating and Pipeline Services.

- Flexible and adhesive.
- Completely waterproof.
- Non-abrasive, anti-corrosive and inert.
- Temperature range: -40°C to +350°C.

Not compatible with  
Ethanol and potable water

REG003

**Kolor Kut Water Finding Paste**

Water finding Paste

- Net wt. 3ozs (85g).
- For testing for the presence of water at the bottom of fuel storage tanks.
- Applied to a rod or length of string with bottom weight, the brown paste changes colour to brilliant red where it comes into contact with water giving you a visual indication as to the depth of the water present.

REG002

**Kolor Kut Fuel Finding Paste**

Fuel finding Paste

- 62g jar.
- Easily test for diesel, petrol, kerosene, crude oil & jet fuels.
- Pink paste turns bright red after contact with fuel, indicating the level in the tank.
- Paste is made entirely of non-hazardous materials and cleans off easily after use.

REGT56

**Oil Burner Flue Brush Set**

Set of 3 brushes

- Set comprises:  
25mm (1") round x 500mm,  
50mm (2") round x 500mm &  
75mm (3") round x 900mm  
brushes.

**Oil Burner Nozzle Case****REG095**

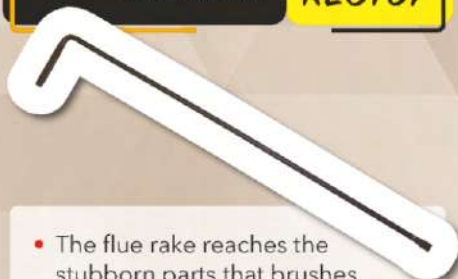

- Suitable for oil burner nozzles.
- Storage for up to 40 nozzles with foam padding.
- Complete with carry handle.

**Oil Burner Nozzle Spanner****REG096**

- High Quality Oil Burner Nozzle Wrench for removing the nozzle from the Nozzle Adapter.
- Proven design for one handed ease of removal and installation.
- Chrome plated and rugged.
- Standard 5/8" x 3/4" double independent socket.

**Flue Rake****REGT57**

- The flue rake reaches the stubborn parts that brushes won't reach. It has a chisel at one end and a flat scraper at the other.

**Appliance Scrape Away Set****REGT59**

- Can be used on flat surfaces for carbon deposit removal such as steel or cast iron boiler chamber walls.

**REGPO11****Domestic Liquid Fuel Fired Pressure Jet Appliance Service, Commissioning & Inspection Record Pad**

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 1 2019 when servicing or commissioning domestic oil and liquid fuel fired boilers.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

**REGPO13****Domestic Liquid Fuel Storage (up to 3,500 litres) & Supply Inspection Record Pad**

25 reports in triplicate

- Essential document used to demonstrate compliance with BS 5410 Part 1 2019 when inspecting domestic oil and liquid fuel storage and supply systems as part of an appliance service or commissioning visit.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

### Non-Domestic Liquid Fuel Fired Single Combustion Appliance Service & Inspection Record Pad

**REGPO21**

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 2 2018 when servicing or commissioning non-domestic oil and liquid fuel fired appliances with 2 stage burners.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your client.
- Can be used to formally record and notify your client of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

### Non-Domestic Liquid Fuel Storage (up to 10,000 litres) & Supply Inspection Record Pad

**REGPO23**

25 reports in triplicate

- Essential document used to demonstrate compliance with BS 5410 Part 2 2018 when inspecting non-domestic oil and liquid fuel storage and supply systems.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your client.
- Can be used to formally record and notify your client of any immediate or potential risks identified.
- Each report features it's own unique Report Reference number.

**REGPO15****Liquid Fuel Common Fault Pad**

25 reports in triplicate

- Saves time and money when Servicing or Commissioning.
- Provides added litigation protection
- Simple and quick tick box format for Potential & Immediate Risks against common faults
- Engineers terms and conditions pre-printed on reverse
- Compiled from over 10 years' worth of engineer's face to face feedback
- Up to date with latest versions of BS 5410 Parts 1 & 2
- Suitable for Domestic & Non-Domestic applications
- Three copy for tenanted properties (Site, Client and Engineer).
- Each report features it's own unique reference number.

**REGPO10****Domestic Central Heating & Hot Water System Inspection / Commissioning Report Pad**

25 reports in triplicate

- Essential document designed to demonstrate compliance when commissioning wet central heating systems.
- Use to create a physical record of service and inspection works to wet central heating systems.
- Pre-printed industry generic terms and conditions on reverse to advise, inform and protect you and your customer.
- Provides key check points to follow.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique reference number.

**REGPO12****Domestic Liquid Fuel Fired Vaporising Appliance Service, Commissioning & Inspection Record Pad**

25 reports in triplicate

- Contains the key elements necessary to demonstrate compliance with BS 5410 Part 1 2019 when servicing or commissioning domestic oil and liquid fuel fired vaporising appliances.
- Pre-printed industry specific terms and conditions on reverse to advise, inform and protect you and your customer.
- Can be used to formally record and notify customer of any immediate or potential risks identified.
- Each report features it's own unique reference number.

## REGPLO1

**Safety Warning -  
(Liquid Fuel)  
Immediate Risk Do  
Not Fill Sticker / Tag**

8 stickers/tags per pack

- Measures approx. 140 x 100mm.
- For application to oil and liquid fuel storage tanks where immediate, Fire, Safety and/or Environmental Risks are identified.
- Clear message and instruction to owners and custodians of storage tanks and fuel delivery drivers.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

## REGPLO2

**Safety Warning -  
(Liquid Fuel)  
Immediate Risk Do  
Not Use Sticker / Tag**

8 stickers/tags per pack

- Measures approx. 140 x 100mm.
- For application to oil and liquid fuel fired appliances and equipment where immediate, Fire, Safety and/or Environmental Risks are identified.
- Clear message and instruction to owners and end users of oil and liquid fuel fired appliances and equipment.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

## REGPLO3

**Safety Warning -  
(Liquid Fuel)  
Potential Risk  
Identified Sticker / Tag**

8 stickers/tags per pack

- Measures approx. 140 x 100mm.
- For application to oil and liquid fuel storage tanks, appliances and equipment where potential, Fire, Safety and/or Environmental Risks are identified.
- Clear warning to owners and custodians of storage tanks, appliances and associated equipment.
- Can be used in accordance with BS 5410 Parts 1 & 2.
- Cable ties provided.

## REGPLO4

**Service Reminder  
- (Liquid Fuel)  
Sticker / Tag**

8 stickers/tags per pack

- Measures approx. 100 x 125mm.
- Great for repeat business and recommendations.
- Reminds your customers who you are and the work you've done.
- Reminds of the importance of regular servicing and inspection.

## REGPLO8

**Warning - This  
Tank Contains  
Kerosene Sticker**

Pack of 5 stickers

- Measures approx. 210 x 148mm.
- Tank storage safety label for tanks containing Kerosene.

## REGPLO9

**Warning - This  
Tank Contains  
HVO Sticker**

Pack of 5 stickers

- Measures approx. 210 x 148mm.
- Tank storage safety label for tanks containing Hydrotreated Vegetable Oil.

## REG085

## Oil Suction Pump

Regin Oil Suction Pump

- The Regin oil-priming pump is doubly efficient, because it extracts and fills simultaneously with every stroke. Can be used for transfilling fuel oils, mineral, synthetic and biological oils, benzene, coolants, anti-freeze, ethyl alcohol, petroleum, brake fluid and others.
- For the start-up of oil burner systems.
- Transfers the oil easily and quickly from the tank to the burner.
- No more difficult filling of the oil line required.
- Indispensable if the tank is empty.
- Avoids harmful dry-running of the oil burner pump.
- Complete with 1 x suction hose with 3/8" connection and 1 x drain hose.

## REG090

## Vaporising Kit

- To enable Service & Commissioning Technicians to easily and conveniently level vaporising burner bases bi-directionally (reducing time and expense), and the accurate calibration of low and high fire cold flow rates. Also measures cold oil depths for most vaporising appliance burner types.
- Kit comprises:  
Steel Levelling Plate, Bulls-eye Level, Steel Rule, Measuring Cylinders x 2 & Stopwatch and sturdy carry case.

## REGX80

## Smoke Test Kit

- Kit comprises:  
Smoke Test Pump with 200mm sampling probe, Smoke comparison chart, maintenance oil & filter papers.
- Spares available: REGX83 - Filter Paper Strips.

### Oil Pressure Test Kit

**REGO80**

- Kit comprises:

Oil Pressure Test manifold (REGO40),  
Flexible Hose (REGO41),  
Pressure Gauge 0-300psi (REGO60).

- Supplied in a nylon zip bag.

### Oil Vacuum Test Kit

**REGO81**

- Kit comprises:

Oil Pressure Test manifold (REGO40), 1/8" bsp  
Flexible Hose (REGO41),  
Vacuum Gauge 0 to -1000mbar (REGO69).

- Supplied in a nylon zip bag.

### Oil Pressure Test Manifold

**REGO40**

- Used in conjunction with a variety of pressure gauges.

### Flexible Hose

**REGO41**

- 1/8" bsp female x 1/8" bsp female flexible hose.

*See Below***Glycerol Filled Pressure Gauge****REG066****0 - 300psi**

- 1/8" bsp male - Bottom entry.
- Glycerol filled.

**REG068****0 - 600psi**

- 1/8" bsp male - Bottom entry.
- Glycerol filled.

*See Below***Pressure Gauge****REG060****0 - 300psi**

- 1/8" bsp male - Bottom entry.

**REG065****0 - 600psi**

- 1/8" bsp male - Bottom entry.

**REG069****Vacuum Gauge****0 to -1000mbar**

- 1/8" bsp male - Bottom entry.
